 SSD 6471

Pre Construction Compliance Report CC2
 (Condition B8)

Revision	Description	Date
Rev 01	Pre Construction Compliance Report CC2	17 March 2020
Rev 02	Pre Construction Compliance Report CC2	10 August 2020

Table of Contents

1. <i>Purpose</i>	3
2. <i>Staging</i>	3
3. <i>Compliance Monitoring and Reporting Schedule</i>	3
4. <i>Compliance Table</i>	5

Purpose

This report has been developed to meet condition B8 of the conditions of consent for SSD6471, Sydney Modern. In accordance with the *Compliance Reporting Post Approval Requirements*, Department of Planning and Environment, 2018 ('Requirements'), this report forms the 'Compliance Monitoring and Reporting Program.'

Condition B8 States:

No later than 6 weeks before the date notified for the commencement of construction, a Compliance Monitoring and Reporting Program prepared in accordance with the Compliance Reporting Post Approval Requirements (Department 2018) must be submitted to the Department.

Whilst the Requirements dictate that the Compliance and Monitoring Reporting Program must be prepared six weeks prior to commencement of works. Notification of commencement of work under condition B1 of the consent is yet to be made, however it is possible that works will commence prior to the six-week period.

Staging

The works under the consent will be staged with certification sought as follows:

CC1- Demolition, Retaining Structures, Excavation Works, Construction of Northern Stairs, and Lincoln Crescent Civil Works

CC2- Inground Services and Structure

CC3- Main Building Works

CC4- Balance of Works

Compliance Monitoring and Reporting Schedule

The table below outlines the frequency of compliance reporting for the project:

Report	Timing	Anticipated date for lodgement
Compliance Monitoring and Reporting Program	Submitted	15 October 2019
Pre-construction compliance report- CC1	Submitted	30 November 2019
Pre-construction compliance report- CC2	This report	31 March 2020
Pre-construction compliance report- CC3	Prior to commencement of construction	10 August 2020

Pre-construction compliance report- CC4	Prior to commencement of construction	20 October 2020
Compliance Report 1- CC1, CC2, CC3 & CC4	26 weeks following pre construction compliance report CC1	30 May 2020
Compliance Report 2- CC1, CC2, CC3 & CC4	26 weeks following compliance Report 1	30 November 2020
Compliance Report 3- CC1, CC2, CC3 & CC4	26 weeks following compliance Report 2	TBC
Compliance Report 4- CC1, CC2, CC3 & CC4	Within 12 weeks of completion	TBC

Report	Timing	Anticipated date for lodgement
Compliance Monitoring and Reporting Program	This report	15 October 2019
Pre-construction compliance report- CC1	Prior to commencement of construction	30 November 2019
Pre-construction compliance report- CC2	Prior to commencement of construction	31 March 2020
Pre-construction compliance report- CC3	Prior to commencement of construction	10 August 2020
Pre-construction compliance report- CC4	Prior to commencement of construction	20 October 2020
Compliance Report 1- CC1, CC2, CC3 & CC4	26 weeks following Pre-construction Report	30 May 2020
Compliance Report 2- CC1, CC2, CC3 & CC4	26 weeks following compliance Report 1	30 November 2020
Compliance Report 3- CC1, CC2, CC3 & CC4	26 weeks following compliance Report 2	TBC
Compliance Report 4- CC1, CC2, CC3 & CC4	Within 12 weeks of completion	TBC

Compliance Table

The compliance table (Table 4.1) in the following pages demonstrates compliance with conditions of consent required for the project. An explanation of the columns is as follows:

Heading	Description
Cond	The condition of consent number for SSD6471
Cond Requirement	A summary of the compliance requirement for an action of approval or provision of information under the condition of consent.
Approver	Who is required to approve the action (or who the information is to be provided to) under the condition of consent).
Stage/CC	The relevant stage or construction certificate that the requirement under the condition of consent relates to.
Timing	An explanation of the timing requirements under the condition of consent.
Date lodged	The date upon which the action or information was provided to the approver.
Date approved	The date upon which the approver provided approval (if required).
Status	<p>The status of meeting the requirement of the condition of consent:</p> <p>Compliant- all necessary approvals have been obtained and the action is completed.</p> <p>Non-compliant- the necessary approvals or requirements have not been obtained/ met.</p> <p>Not triggered- where a requirement is yet to be triggered.</p> <p>Submitted- where a requirement has been submitted but approval is yet to be granted.</p>
Monitoring methodology	The method by which the compliance with the condition will be monitored (if applicable).
Evidence	What will be provided to prove compliance with the condition.
Comments/ Notes	Any relevant comments or notes to assist in understanding the compliance with the condition.

Table 4.1- Compliance Table

Conditions of Consent SSD-6741										
Cond	Condition Requirement	Approver	Stage/ CC	Timing	Date Lodged	Date approved	Status	Monitoring Methodology	Evidence	Comments/Notes
A	ADMINISTRATIVE CONDITIONS									
A1	In addition to meeting the specific performance measures and criteria in this consent, all reasonable and feasible measures must be implemented to prevent, and if prevention is not reasonable and feasible, minimise, any material harm to the environment that may result from the construction and operation of the development.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Compliant	Compliance Report	All measures outlined in various reports and plans outlined in this report to be complied with.	This condition does not require a specific compliance requirement, instead the compliance requirements are contained throughout this table and the relevant monitoring methodologies are included as required.
Terms of Consent										
A2	The development may only be carried out: a) in compliance with the conditions of this consent; b) in accordance with all written directions of the Planning Secretary; c) in accordance with the EIS and RTS; and d) in accordance with the approved plans in the table below.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Compliant	Compliance Report	All measures outlined in various reports and plans outlined in this report to be complied with.	This condition does not require a specific compliance requirement, instead the compliance requirements are contained throughout this table and the relevant monitoring methodologies are included as required.
A3	Consistent with the requirements in this consent, the Planning Secretary may make written directions to the Applicant in relation to: a) the content of any strategy, study, system, plan, program, review, audit, notification, report or correspondence submitted under or otherwise made in relation to this consent, including those that are required to be, and have been, approved by the Planning Secretary; and b) the implementation of any actions or measures contained in any such document referred to in condition A3(a) above.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Compliant	Action upon receipt of any directions.	Directions issued by the Secretary	
A4	The conditions of this consent and directions of the Planning Secretary prevail to the extent of any inconsistency, ambiguity or conflict between them and a document listed in Condition A2(c). In the event of an inconsistency, ambiguity or conflict between any of the documents listed in Condition A2(c), the most recent document prevails to the extent of the inconsistency, ambiguity or conflict. Note: For the purposes of this condition, there will be an inconsistency between documents if it is not possible to comply with both documents, or in the case of a condition of consent or direction of the Planning Secretary, and a document, if it is not possible to comply with both the condition or direction, and the document.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Compliant	Compliance Report	Action upon receipt of any directions.	
Limits on Consent										
A5	This consent will lapse five years from the date of the consent unless the works associated with the development have physically commenced.	N/A	CC1, CC2, CC3	N/A	Not required	Not required	Compliant	N/A	Commencement of physical works.	
Prescribed Conditions										
A6	The Applicant must comply with all relevant prescribed conditions of development consent under Part 6, Division 8A of the EP&A Regulation.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Compliant	Regular inspection of site signage	Compliance Report	
Long Service Levy										
			CC1, CC2, CC3							

Conditions of Consent SSD-6741										
Cond	Condition Requirement	Approver	Stage/ CC	Timing	Date Lodged	Date approved	Status	Monitoring Methodology	Evidence	Comments/Notes
A7	For work costing \$25,000 or more, a Long Service Levy must be paid. For further information please contact the Long Service Payments Corporation on their Helpline 13 1441.	N/A	CC1, CC2, CC3	N/A	Not required	Not required		Compliance Report	Evidence of payment provided by contractor	
Legal Notices										
A8	Any advice or notice to the consent authority must be served on the Planning Secretary.	N/A	CC1, CC2, CC3	At all times	Not required	Not required		Address all advice and notices to the Planning Secretary.	All advice and notices sent to Planning Secretary.	
Revision of Strategies, Plans and Programs										
A9	<p>Within three months of:</p> <p>a) the submission of a Compliance Report under Condition B9;</p> <p>b) the submission of an incident report under Condition A12;</p> <p>c) the submission of an Independent Audit under Condition B13;</p> <p>d) the approval of any modification of the conditions of this consent; or</p> <p>e) the issue of a direction of the Planning Secretary under Condition A2 which requires a review,</p> <p>the strategies, plans and programs required under this consent must be reviewed, and the Department must be notified in writing that a review is being carried out.</p> <p>If necessary to either improve the environmental performance of the development, cater for a modification or comply with a direction, the strategies, plans and programs required under this consent must be revised to the satisfaction of the Planning Secretary. Where revisions are required, the revised document must be submitted to the Planning Secretary for approval within six weeks of the review.</p> <p>Note: This is to ensure strategies, plans and programs are updated on a regular basis and to incorporate any recommended measures to improve the environmental performance of the development.</p>	N/A	CC1, CC2, CC3	Within three months of the submission of Compliance Report	Not required	Not required	Compliant	Evidence of consultation	Directions issued by the Secretary	
Evidence of Consultation										
A10	<p>Where conditions of this consent require consultation with an identified party, the Applicant must:</p> <p>(a) consult with the relevant party prior to submitting the subject document to the Planning Secretary for approval; and</p> <p>(b) provide details of the consultation undertaken including:</p> <p>i. a description of how matters raised by those consulted have been resolved to the satisfaction of both the Applicant and the party consulted; and</p> <p>ii. details of any disagreement remaining between the party consulted and the Applicant and how the Applicant has addressed the matters not resolved.</p>	DPE	CC1, CC2, CC3	At all times	Not required	Not required	Compliant	Compliance Report	Evidence of consultation	
Structural Adequacy										

Conditions of Consent SSD-6741										
Cond	Condition Requirement	Approver	Stage/ CC	Timing	Date Lodged	Date approved	Status	Monitoring Methodology	Evidence	Comments/Notes
A11	All new buildings and structures, and any alterations or additions to existing buildings and structures, that are part of the development, must be constructed in accordance with the relevant requirements of the BCA. Notes: • Under Part 4A of the EP&A Act, the Applicant is required to obtain construction and occupation certificates for the proposed building works. • Part 8 of the EP&A Regulation sets out the requirements for the certification of the development.	Certifier	CC1, CC2, CC3	At all times	21/10/2019	28/10/2019	Compliant	Certification issued	Crown Building Works Certificate	All works relating to CC2 have been reviewed to comply with requirements of the BCA. Refer to design certificates and BCA review documents submitted with CC1.
Incident Notification, Reporting and Response										
A12	The Department must be notified in writing to compliance@planning.nsw.gov.au immediately after the Applicant becomes aware of an incident. The notification must identify the development (including the development application number and the name of the development if it has one), and set out the location and nature of the incident. Subsequent notification must be given and reports submitted in accordance with the requirements set out in Appendix 1.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Compliant	Incident notification	All advice and notices sent to the Department	
Non-Compliance Notification										
A13	The Department must be notified in writing to compliance@planning.nsw.gov.au within seven days after the Applicant becomes aware of any non-compliance. The PCA must also notify the Department in writing to compliance@planning.nsw.gov.au within seven days after they identify any non-compliance.	DPE - Notification only	CC1, CC2, CC3	At all times	Not required	Not required	Not triggered	Compliance report	Notification	
A14	The notification must identify the development and the application number for it, set out the condition of consent that the development is non-compliant with, the way in which it does not comply and the reasons for the non-compliance (if known) and what actions have been, or will be, undertaken to address the non-compliance.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Not triggered	N/A	N/A	
A15	A non-compliance which has been notified as an incident does not need to also be notified as a non-compliance.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Not triggered	N/A	N/A	
Monitoring and Environmental Audits										
A16	Any condition of this consent that requires the carrying out of monitoring or an environmental audit, whether directly or by way of a plan, strategy or program, is taken to be a condition requiring monitoring or an environmental audit under Division 9.4 of Part 9 of the EP&A Act. This includes conditions in respect of incident notification, reporting and response, non-compliance notification and independent environmental auditing. Note: For the purposes of this condition, as set out in the EP&A Act, "monitoring" is monitoring of the development to provide data on compliance with the consent or on the environmental impact of the development, and an "environmental audit" is a periodic or particular documented evaluation of the development to provide information on compliance with the consent or the	N/A	CC1, CC2, CC3	At all times	Not required		Non-compliance	Compliance Report	All measures outlined in various reports and plans outlined in this report to be complied with.	

Conditions of Consent SSD-6741										
Cond	Condition Requirement	Approver	Stage/CC	Timing	Date Lodged	Date approved	Status	Monitoring Methodology	Evidence	Comments/Notes
	environmental management or impact of the development.									
	Applicability of Guidelines									
A17	References in the conditions of this consent to any guideline, protocol, Australian Standard or policy are to such guidelines, protocols, Standards or policies in the form they are in as at the date of this consent.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Compliant	Compliance Report	Ensure all plans, strategies and reports refer to guidelines at date of consent unless otherwise directed.	
A18	However, consistent with the conditions of this consent and without altering any limits or criteria in this consent, the Planning Secretary may, when issuing directions under this consent in respect of ongoing monitoring and management obligations, require compliance with an updated or revised version of such a guideline, protocol, Standard or policy, or a replacement of them.	N/A	CC1, CC2, CC3	At all times	Not required		Compliant	Ensure all plans, strategies and reports refer to guidelines at date of consent unless otherwise directed.	Directions issued by the Secretary	
	Operation of Plant and Equipment									
A19	All plant and equipment used on site, or to monitor the performance of the development must be: (a) maintained in a proper and efficient condition; and (b) operated in a proper and efficient manner.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Compliant	Compliance Report	Ensure compliance	
A20	Any structure located partly or wholly over the land bridge, must be designed and constructed so they are capable of being vertically supported by alternate means if the land bridge is removed or altered. If significant works to, or removal of, the land bridge is proposed in the future, and if directed by the Planning Secretary, the Applicant must prepare and submit to the Planning Secretary's satisfaction, updated engineering plans demonstrating any structure located partly or wholly over the land bridge can be vertically supported by alternate means. A separation application shall be lodged with the relevant consent authority for the updated engineering plans and associated works.	N/A	CC1, CC2, CC3	At all times	Not required	Not required	Not triggered	Comply with directions issued by the Secretary	Directions issued by the Secretary	
B	PRIOR TO THE COMMENCEMENT OF WORKS									
	Crown Building Work									
B1	Crown building work cannot be commenced unless the Crown Building work is certified by or on behalf of the Crown to comply with the technical provisions of the State's building laws in force as at: a) the date of the invitation for tenders to carry out Crown building work; or b) in the absence of tenders, the date on which the Crown building work commences.	Certifier	CC1, CC2, CC3	At all times			Compliant	Certification issued	Crown Building Works Certificate	
	Design Excellence and Design Integrity									

Conditions of Consent SSD-6741										
Cond	Condition Requirement	Approver	Stage/CC	Timing	Date Lodged	Date approved	Status	Monitoring Methodology	Evidence	Comments/Notes
B2	<p>The approved development shall be subject to a Design Integrity process throughout the design development and construction documentation period in consultation with the Government Architect NSW (GANSW), and through the State Design Review Panel (SDRP) Pilot Program. The SDRP is to be augmented by a member of the design competition jury, to be nominated by the Art Gallery of NSW and endorsed by GANSW. For presentations to the SDRP, the project team shall include the following members as a minimum:</p> <ul style="list-style-type: none"> i) a representative from the competition winning international architectural practice; ii) a representative from the local architect of record. <p>The Applicant is to submit evidence that the above Design Integrity process has been established, including confirmation of support for the process from the GANSW, within 3 months of the date of consent.</p> <p>Prior to the issue of any Crown Building Works Certificate, the Applicant is to submit a Design Integrity Report (DIR), to the satisfaction of the Planning Secretary, that demonstrates how design excellence and design integrity will be achieved in accordance with:</p> <ul style="list-style-type: none"> • the design objectives of the original competition winning scheme; • the approved design upon development approval; and • the conditions of consent. <p>The DIR shall include a summary of feedback provided by SDRP and responses by the project team to this advice. The DIR shall also include how the process will be implemented through to completion of the approved development.</p>	DPE	CC1, CC2, CC3	At all times	16/08/20019	25/10/2019	Compliant	Compliance report	Advice of approval	
Entry Plaza Canopy										
B3	<p>No approval is granted for the design of the entry plaza canopy. Prior to the issue of the relevant Crown Building Works Certificate, the Applicant shall prepare a revised entry plaza canopy design for review that:</p> <ul style="list-style-type: none"> • further improves sightlines between the existing gallery building and the Woolloomooloo Gate of the Royal Botanic Gardens; and • further improves and enhances the built form interface with its landscape setting. <p>The revised design shall demonstrate a response to the following:</p> <ul style="list-style-type: none"> a) modification to the overall extent of the canopy structure; b) increased street setbacks and landscaped area in and around the canopy structure; c) modification of the street alignment and orientation of the canopy structure between the existing sandstone gallery wing, proposed extension and sightlines to the Woolloomooloo Gate; d) architectural and structural detailing to achieve a light-weight built form character that is secondary in visual appearance to its landscape setting. <p>The revised design shall be prepared in consultation with the Government Architect</p>	DPE	CC2, CC3	Prior to CC2	16/08/20019	25/10/2019	Compliant	Compliance report	Advice of approval

Archaeology										
C16	The Historical Archaeologist nominated under condition B21 must be on-site to monitor all sub-surface works associated with excavation within areas of archaeological potential.	N/A	CC1, CC2, CC3	At all times						
Impacts of Below Ground (Sub Surface) Works – Non-Aboriginal Objects										
C17	If during the course of construction the Applicant becomes aware of any previously unidentified heritage object(s), all work likely to affect the object(s) must cease immediately and the OEH Heritage Division must be notified immediately and consulted with regard to the recommencement of works. This protocol must be included in the induction for all construction workers on the site.	N/A	CC1, CC2, CC3	At all times						
Impacts of Below Ground (Sub Surface) Works – Aboriginal Objects										
C18	The management and mitigation measures contained in the Aboriginal Cultural Heritage Assessment Report prepared by GML Heritage, dated August 2018, must be implemented. If during the course of construction the Applicant becomes aware of any previously unidentified Aboriginal object(s), all work likely to affect the object(s) must cease immediately and OEH informed in accordance with section 89A of the National Parks and Wildlife Act 1974. Relevant works must not recommence until written authorisation from the OEH Heritage Division is received by the Applicant. This protocol must be included in the induction for all construction workers on the site.	N/A	CC1, CC2, CC3	At all times						
Maritime Archaeology										

Conditions of Consent SSD-6741										
Cond	Condition Requirement	Approver	Stage/CC	Timing	Date Lodged	Date approved	Status	Monitoring Methodology	Evidence	Comments/Notes
C19	If the pipelines are to be laid in a trench, arrangements must be made for the nominated maritime archaeologist to inspect the site during trenching or immediately upon completion of trenching but prior to installation of the pipes. If any relics are found during trenching, work must cease in that area and advice sought from the Nominated Maritime Archaeologist. If any maritime relics of State significance are uncovered, all work shall immediately cease in that area and a written assessment of the nature and significance of the resource, together with the treatment of the remains shall be submitted to the Planning Secretary and delegate of the OEH Heritage Division for approval. The method of materials conservation, archival documentation and conservation and storage of any items recovered during any trenching works, prepared in accordance with condition B23, must be complied with.	-	N/A	-	-	-	-	-	-	-
Contamination										
C20	Should any new information come to light during demolition or construction works which has the potential to alter previous conclusions about site contamination, the Department must be immediately notified and works must cease. Works must not recommence on site until the Department confirms works can recommence.	N/A	CC1, CC2, CC3	At all times						
C21	Groundwater discharged from the site must not be contaminated by hydrocarbons or other chemicals associated with previous use of the site for naval fuel storage or iron from local bedrock.	N/A	CC1, CC2, CC3	At all times						
SafeWork NSW Requirements										
C22	To protect the safety of work personnel and the public, the work site must be adequately secured to prevent access by unauthorised personnel, and work must be conducted at all times in accordance with relevant SafeWork NSW requirements.	N/A	CC1, CC2, CC3	At all times						
Hoarding/Fencing Requirements										
C23	The following hoarding requirements must be complied with: a) no third-party advertising is permitted to be displayed on the subject hoarding/fencing; and b) the construction site manager must be responsible for the removal of all graffiti from any construction hoarding/fencing or the like within the construction area within 48 hours of its application.	N/A	CC1, CC2, CC3	At all times						
Implementation of Management Plans										
C24	The Applicant must ensure the requirements of the Construction Environmental Management Plan, Construction Noise and Vibration Management Plan, Construction Pedestrian Traffic Management Plan, Construction Waste Management Plan, Geotechnical Design, Certification and Monitoring Plan, Tree Protection Plan, Air Quality and Odour Management Plan and Acid Sulfate Soils Management Plan required by Part B of this consent are implemented during construction.	N/A	CC1, CC2, CC3	At all times						
Waste Management										

Conditions of Consent SSD-6741										
Cond	Condition Requirement	Approver	Stage/CC	Timing	Date Lodged	Date approved	Status	Monitoring Methodology	Evidence	Comments/Notes
C25	Notwithstanding the WMP referred to in condition B70, the Applicant must ensure that: a) all waste generated by the development is classified and managed in accordance with the EPA's Waste Classification Guidelines Part 1: Classifying Waste 2009; b) all waste generated by the development is treated and/or disposed of at a facility that has sufficient capacity to and may lawfully accept that waste; c) waste (including litter, debris or other matter) is not caused or permitted to enter the waters of Sydney Harbour; d) any vehicle used to transport waste or excavation spoil from the site is covered before leaving the premises; e) the wheels of any vehicle, trailer or mobilised plant leaving the site and cleaned of debris prior to leaving the premises; and f) concrete waste and rinse water are not disposed of on the site and are not caused or permitted to enter the waters of Sydney Harbour.	N/A	CC1, CC2, CC3	At all times						
Asbestos and Hazardous Waste Removal										
C26	Any existing filling on the site must be assessed for the presence of asbestos materials during construction. All materials requiring removal from the site must be classified in accordance with Waste Classification Guidelines (NSW EPA, 2014). The Applicant must satisfy the requirements of the Protection of the Environment Operations (Waste) Regulation 2014 are ensure that demolition works are undertaken so that cross-contamination of the site does not occur.	N/A	CC1, CC2, CC3	At all times						
C27	Removal of asbestos and other hazardous building materials must be undertaken by a suitably licensed contractor and an asbestos clearance certificate must be provided before waste classification, disposal or site validation is undertaken.	N/A	CC1, CC2, CC3	At all times						
Covering of Loads										
C28	All vehicles involved in the excavation and / or demolition process and departing from the property with materials, spoil or loose matter must have their loads fully covered before entering the public roadway.	N/A	CC1, CC2, CC3	At all times						
Vehicle Cleansing										
C29	Prior to the commencement of work, suitable measures are to be implemented to ensure that sediment and other materials are not tracked onto the roadway by vehicles leaving the Site. It is an offence to allow, permit or cause materials to pollute or be placed in a position from which they may pollute waters.	N/A	CC1, CC2, CC3	Prior to commencement						
Stockpile Management										
C30	The Applicant must ensure: a) stockpiles of excavated material do not exceed 4 metres in height; b) stockpiles of excavated material are constructed and maintained to prevent cross contamination; and c) suitable erosion and sediment controls are in place for stockpiles.	N/A	CC1, CC2, CC3	At all times						

Conditions of Consent SSD-6741										
Cond	Condition Requirement	Approver	Stage/ CC	Timing	Date Lodged	Date approved	Status	Monitoring Methodology	Evidence	Comments/Notes
Erosion and Sediment Control										
C31	All erosion and sediment control measures are to be effectively implemented and maintained at or above design capacity for the duration of the construction works and until such time as all ground disturbed by the works has been stabilised and rehabilitated so that it no longer acts as a source of sediment.	N/A	CC1, CC2, CC3	At all times						
Dust Control Measures										
C32	Adequate measures shall be taken to prevent dust from affecting the amenity of the neighbourhood during construction. In particular, the following measures should be adopted: a) physical barriers shall be erected at right angles to the prevailing wind direction or shall be placed around or over dust sources to prevent wind or activity from generating dust emissions; b) earthworks and scheduling activities shall be managed to coincide with the next stage of development to minimise the amount of time the site is left cut or exposed; c) all materials shall be stored or stockpiled at suitable locations and stockpiles shall be maintained at manageable sizes which allow them to be covered, if necessary, to control emissions of dust and/or VOCs/odour; d) the surface should be dampened slightly to prevent dust from becoming airborne but should not be wet to the extent that run-off occurs; e) all vehicles carrying spoil or rubble to or from the site shall at all times be covered to prevent the escape of dust or other material; f) all equipment wheels shall be washed before exiting the site using manual or automated sprayers and drive-through washing bays; g) gates shall be closed between vehicle movements and shall be fitted with shade cloth; and h) cleaning of footpaths and roadways shall be carried out regularly.	N/A	CC1, CC2, CC3	At all times						
No Obstruction of Public Way										
C33	The public way must not be obstructed other than as specified in the Construction Pedestrian Traffic Management Plan and Section 138 permit, by any materials, vehicles, refuse skips or the like, under any circumstances. Non-compliance with this requirement will result in the issue of a notice by the Planning Secretary to stop all work on site.	N/A	CC1, CC2, CC3	At all times						
Contact Telephone Number										
C34	The Applicant must ensure that the 24-hour contact telephone number is continually attended by a person with authority over the works for the duration of the development.	N/A	CC1, CC2, CC3	At all times						
Acid Sulfate Soils										
C35	The Applicant must ensure that any acid sulfate soils (ASS) and potential acid sulfate soils (PASS) excavated or otherwise disturbed during construction is managed in accordance with: a) the Acid Sulfate Soil Management Plan for the site (condition B66); b) the Acid Sulfate Soils Manual 1988 (NSW	N/A	CC1, CC2, CC3	-	-	-	-	-	-	-

Prior to occupation or commencement of the use, a copy of the OPM must be submitted to the Council and the Certifying Authority.									
Green Travel Plan										
D6	Prior to occupation or commencement of the use, a Green Travel Plan (GTP) prepared by a suitably qualified person shall be endorsed by TfNSW (Sydney Coordination Office) and submitted to the Certifying Authority. The GTP must be prepared in consultation with Council, RMS and TfNSW (Sydney Coordination Office). The GTP shall outline all measures proposed to increase the mode share of walking and cycling to the site and expanded AGNSW. The GTP shall include a monitoring requirement in relation to the future demand for the expansion of staff and visitor bicycle parking spaces and staff end-of-trip facilities and provision of visitor end-of-trip facilities. The Applicant shall deliver on any recommendations for expansion or provision of facilities from the results of the monitoring.	Certifier	CC3	Prior to occupation			Not triggered			
Loading Dock and Vehicle Management Plan										
D7	Prior to occupation or commencement of the use, a Loading Dock and Vehicle Management Plan (LDVMP), prepared by a suitably qualified person, shall be endorsed by TfNSW (Sydney Coordination and Metro Delivery Offices), RMS and Council and submitted to the Certifying Authority. The LDVMP must outline all measures to be implemented to ensure the safe and efficient operation of the loading dock and to minimise disruption to neighbouring properties, Lincoln Crescent and the adjacent road network. The LDVMP shall address (but not be limited to): a) loading dock management details including service vehicle movements during peak periods, the maximum size and number of vehicles per day, and staggering of delivery times throughout the loading dock operating period; b) restriction on the use of vehicle reversing alarms between 9 pm and 7 am; c) closure of the loading dock door during loading dock activities; d) no collection of glass waste (i.e. bottles) between 6 pm and 7 am Monday to Saturday and 6 pm and 8 am Sundays and public holidays; e) ensure timing of HRVs is managed to minimise internal loading dock conflict;	Certifier	CC3	Prior to occupation			Not triggered			

Conditions of Consent SSD-6741										
Cond	Condition Requirement	Approver	Stage/CC	Timing	Date Lodged	Date approved	Status	Monitoring Methodology	Evidence	Comments/Notes
	<p>f) consider pre-booking of deliveries to manage timing of loading dock access;</p> <p>g) management of incidents at the access to the loading dock entry from Lincoln Crescent;</p> <p>h) confirm that the vehicle access and circulation areas are designed in accordance with the relevant Australian Standards, including for loading dock areas;</p> <p>i) management of conflicts between vehicles accessing the loading dock and staff car and bicycle parking;</p> <p>j) management of conflicts between vehicles accessing the site and pedestrian movements adjacent to the site;</p> <p>k) with the exception of smaller vehicles utilising the loading area on Art Gallery Road, ensure all service and loading vehicles associated with the use of the premises are accommodated on site at all times.</p> <p>A copy of the LDVMP must be provided to the Planning Secretary.</p>									
	Waste Management Plan									
D8	<p>Prior to the commencement of use, an updated Waste Management Plan (WMP) prepared by a suitably qualified person shall be submitted to the Certifying Authority. The WMP must be prepared in consultation with Council and the EPA.</p> <p>The WMP must outline all measures that would be implemented to ensure the effective management of operational waste associated with the development. The WMP must outline how waste would be minimised, handled, stored and disposed of in accordance with the relevant guidelines and legislation. Prior to the commencement of use, a copy of the WMP must be submitted to Council, the EPA and the Planning Secretary.</p>	Certifier	CC3	Prior to occupation			Not triggered			
	Operational Noise and Vibration Management Plan									
D9	<p>Prior to occupation or commencement of the use, an Operational Noise and Vibration Management Plan (ONVMP) prepared by a suitably qualified person shall be submitted to the Planning Secretary for approval. The ONVMP must be prepared in consultation with Council and the EPA. The ONVMP shall include (but not be limited to):</p> <p>a) be prepared in accordance with the EPA's Industrial Noise Policy</p> <p>b) identify nearby sensitive receivers and land uses;</p> <p>c) identify the noise limits applying to the development;</p> <p>d) identify all key sources of operational noise and vibration;</p> <p>e) details of all reasonable and feasible management and mitigation measures to be implemented to minimise noise and vibration including for the proposed café and associated</p>	DPE	CC3	Prior to occupation			Not triggered

	<p>outdoor terrace;</p> <p>f) be consistent with and incorporate all relevant recommendations and mitigation measures outlined in the Acoustic Report (dated 28 February 2018) in Appendix P of the RTS and the supplementary Acoustic Report (dated 4 July 2018) in Appendix G of the RTSAR (dated 8 August 2018);</p> <p>g) include a suitable proactive noise and vibration monitoring program which aims to ensure the noise and vibration criteria in this consent are not exceeded.</p> <p>Prior to the commencement of use, a copy of the approved NVMP must be submitted to Council, the Certifying Authority and the EPA.</p>									
	Mechanical Ventilation									
D10	<p>Following completion of the works, installation and testing of all the mechanical ventilation systems, the Applicant shall provide evidence to the satisfaction of the PCA, prior to the use of the development, that the installation and performance of the mechanical systems complies with:</p> <p>a) the Building Code of Australia;</p> <p>b) Australian Standard AS1668 and other relevant codes;</p> <p>c) the development consent and any relevant modifications; and</p> <p>d) any dispensation granted by the Fire and Rescue NSW.</p>	Certifier	CC3	Prior to occupation			Not triggered			
	Crime Prevention Through Environmental Design									
D11	<p>Prior to the commencement of use, evidence shall be submitted to the Certifying Authority demonstrating the recommendations of the CPTED Report dated 16 February 2018 (Appendix O of the RTS) (Condition B72) have been fulfilled.</p>	Certifier	CC3	Prior to occupation			Not triggered			
	Internal Air Quality									
D12	<p>Prior to the commencement of use, evidence shall be submitted to the Certifying Authority demonstrating consultation with NSW Health regarding appropriate internal air quality criteria for the use of the former naval fuel bunker and an agreed monitoring program to ensure the ongoing suitability of use of the bunker.</p>	Certifier	CC3	Prior to occupation			Not triggered			
	Road Damage									
D13	<p>The cost of repairing any damage caused to Council or other public authority's assets in the vicinity of the site as a result of construction works associated with the approved development is to be met in full by the Applicant prior to the occupation or commencement of the use.</p>	N/A	CC3	Prior to occupation			Not triggered			
	Restriction on Vehicles Turning Right from Lincoln Crescent									

Conditions of Consent SSD-6741										
Cond	Condition Requirement	Approver	Stage/CC	Timing	Date Lodged	Date approved	Status	Monitoring Methodology	Evidence	Comments/Notes
D14	Prior to the commencement of use, signage must be erected at the intersection of Lincoln Crescent and Cowper Wharf Road restricting any right turn movements of vehicles over 6 m in length exiting Lincoln Crescent. The signage must be retained in perpetuity.	N/A	CC3	Prior to occupation			Not triggered			
Parking Restrictions										
D15	The Applicant shall ensure it has obtained approval from Council's Pedestrian Cycling and Traffic Calming Committee in relation to the requirements of condition D15 and for any changes required to on-street parking restrictions for the on-going operation of the development, prior to occupation or commencement of the use.	Council	CC3	Prior to occupation			Not triggered			
Sydney Water Compliance										
D16	A Section 73 Compliance Certificate under the Sydney Water Act 1994 must be obtained from Sydney Water Corporation. Application must be made through an authorised Water Servicing Coordinator. Please refer to the "Your Business" section of the web site www.sydneywater.com.au then follow the "e-Developer" icon or telephone 13 20 92 for assistance. The Section 73 Certificate must be submitted to the PCA prior to the use of the development.	Sydney Water	CC3	Prior to occupation			Not triggered			
Utility Providers										
D17	Prior to occupation or commencement of the use, written advice shall be obtained from the relevant water supply authority, wastewater disposal authority, electricity supply authority, an approved telecommunications carrier and an approved gas carrier (where relevant) stating that satisfactory arrangements have been made to ensure provision of adequate services.	Relevant utilities	CC3	Prior to occupation			Not triggered			
Fire Safety Certification										
D18	Prior to the occupation or commencement of use of the development, a Fire Safety Certificate shall be obtained for all the Essential Fire or Other Safety Measures forming part of this consent. A copy of the Fire Safety Certificate must be submitted to the relevant authority and be prominently displayed in the building.	Certifier	CC3	Prior to occupation			Not triggered			
Structural Inspection Certificate										
D19	A Structural Inspection Certificate or a Compliance Certificate must be submitted to the satisfaction of the PCA prior to the use of the development and/or use of the premises. A copy of the Certificate with an electronic set of final drawings (contact approval authority for specific electronic format) shall be submitted to the Department and Council after: a) the site has been periodically inspected and the Certifier is satisfied that the structural works is deemed to comply with the final design drawings; and b) the drawings listed on the Inspection Certificate have been checked with those listed on the final Design Certificate/s.
