NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

1 SIGNIFICANT ACCOUNTING POLICIES

(a) Reporting Entity

The company was incorporated on 1st February, 1995 and is a not-for-profit entity. The Australian Securities & Investment Commission (ASIC) has issued a Section 383 licence to the Company approving the omission of the word "Limited" from the Company name. A condition of this licence is that amendments to the company's memorandum and/or articles of association will need prior approval of the ASIC before a meeting of members can be held to pass a special resolution to effect those changes.

The Foundation holds authority number CFN18153 to fundraise under the provisions of the Charitable Fundraising Act, 1991.

The financial statements have been authorised for issue by the Board on 15 October 2010.

(b) Basis of Preparation

The Brett Whiteley Foundation's financial statements is a general purpose financial statement, which has been prepared in accordance with:

- the Corporations Act 2001;
- Australian Accounting Standards and Interpretations, and
- the requirements for the Public Finance 1983 and Audit Act and Regulation 2010.

The Financial statements are based on historical cost, except where a different basis of measurement is specified. Judgements, key assumptions and estimations management has made are disclosed in the relevant notes to the financial statements.

All amounts are rounded to the nearest dollar and are expressed in Australian currency.

(c) Statement of Compliance

The financial statements and notes comply with Australian Accounting Standards and Interpretations.

(d) Income Recognition

Income is measured at the fair value of the consideration or contribution received or receivable.

Additional comments regarding the accounting policies for the recognition of income are discussed below.

(i) Sale of Goods and Services

Income from the sale of goods and services is recognised when the Foundation transfers the significant risks and rewards of ownership of the assets.

(ii) Interest Income

Interest income is recognised using the effective interest method as set out in AASB 139 Financial Instruments: Recognition and Measurement.

(iii) Donations

Donations are recognised as income when the Foundation obtains control over the assets comprising the donations. Control over donations is normally obtained upon receipt of cash.

(iv) Venue Hire

Venue hire is recognised when the service is provided.

THE BRETT WHITELEY FOUNDATION

ACN 068 008 837

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

(e) Financial Instruments

The Foundation's financial instruments arise directly from the Foundation's operations or are required to finance its operations. The Foundation does not enter into or trade financial instruments for speculative purposes and does not use financial derivatives.

(i) Cash

Cash comprises cash on hand and bank balances. Interest is earned at a variable interest rate on daily bank balances and paid monthly at the normal commercial rate.

(ii) Term Deposits

The Foundation has placed funds in bank deposits "at call" or for a fixed term. The interest rate payable is negotiated initially and is fixed for the term of the deposits. The deposits are usually held to maturity. Interest is accrued as at 30 June and brought to account in the Statement of Comprehensive Income.

(iii) Trade and Other Receivables

Trade and other receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. These financial assets are recognised initially at the transaction cost or face value. Subsequent measurement is at amortised cost using the effective interest method, less an allowance for any impairment of receivables. Any changes are accounted for in the Statement of Comprehensive Income when impaired, derecognised or through the amortisation process. No interest is earned on trade and other receivables. Sales are made on 30 day terms. Short-term receivables with no stated interest rate are measured at the original invoice amount where the effect of discounting is immaterial.

(iv) Trade and Other Payables

The amounts represent liabilities for goods and services provided to the Foundation and other amounts, including interest. Trade and other payables are recognised initially at transaction cost or face value. Subsequent measurement is at amortised cost using the effective interest method. Short-term payables with no stated interest rate are measured at the original invoice amount where the effect of discounting is immaterial.

Risk Management of Financial Assets

The Foundation's investment's are confined to Term Deposits and are administered by the Art Gallery of NSW (Art Gallery) in line with its Investment Policy which was endorsed by its Finance Committee/Board during 2007/08 and subsequently adopted by the Foundation. The Policy is reviewed annually by the Art Gallery's Risk Management Committee.

During 2008/09 the Gallery undertook a risk analysis of its financial management, which included the Foundation's investments. This entailed a review of the major risks associated with the financial instruments i.e. Credit, Liquidity, Market, Interest rate, Currency and other risks. The likelihood and the consequences of each risk were analysed and the controls and risk mitigation strategies confirmed.

Credit risk arises when there is the possibility of the Foundation's debtors defaulting on their contractual obligations, resulting in a financial loss to Foundation. The maximum exposure to credit risk is generally represented by the carrying amount of the financial assets (net of any allowance for impairment). The Foundation is not materially exposed to concentrations of credit risk to a single trade debtor or group of debtors. The credit risk for trade debtors is the carrying amount (net of any allowance for impairment). No collateral is held by the Foundation. The Foundation has not granted any financial guarantees.

THE BRETT WHITELEY FOUNDATION

ACN 068 008 837

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

Credit risk on term deposit is managed by ensuring that only those banks and building societies approved by the Reserve Bank / Australian Prudential Regulatory Authority (APRA) and included in the 'AGNSW Approved List', all of which have A rating or better. The Finance and Audit Committee during 2009/10 resolved to confine the deposits to the four major banks. Maturities are generally less than 12 months.

Liquidity risk is the risk that the Foundation will be unable to meet its payment obligations when they fall due. The Foundation continuously manages this risk through monitoring future cash flows and maturities planning to ensure adequate holding of high quality liquid assets. The Foundation has no loans or overdrafts and no assets have been pledged as collateral. An overdraft facility is not considered necessary as arrangements have been put in place to call in term deposits at short notice if needed. A penalty of reduced interest rate may sometimes be incurred.

Interest rate risks - The Foundation's exposure to interest rate risks is limited with the fixed rate term deposits which are negotiated prior to investment.

Other risks - The Foundation does not have financial assets which are exposed to market, currency or other risks.

Impairment of financial assets

All financial assets, except those measured at fair value through profit and loss, are subject to an annual review for impairment. An allowance for impairment is established when there is objective evidence that the foundation will not be able to collect all amounts due. Any reversals of impairment losses are reversed through the income statement, where there is objective evidence.

De- recognition of financial assets and liabilities

A financial asset is derecognised when the contractual rights to the cash flows from the financial assets expire; or if the Foundation transfers the financial asset where substantially all the risks and rewards have been transferred or where the Foundation has not transferred substantially all the risks and rewards, if the entity has not retained control. Where the Foundation has neither transferred nor retained substantially all the risks and rewards or transferred control, the asset is recognised to the extent of the Foundation's continuing involvement in the asset. A financial liability is derecognised when the obligation specified in the contract is discharged or cancelled or expired.

(f) Income Tax

The Foundation is a registered charitable fund and is entitled to an income tax exemption concession.

(g) Inventories

Inventories are measured at the lower of cost or net realisable value.

Costs are assigned on an weighted average cost basis.

(h) Accounting Standards Issued but not yet Effective

The Foundation did not early adopt any new accounting standards and interpretations that are not yet effective. At the date of authorisation of the financial statements, the following Standards and Interpretations were on issue and applicable to the Foundation, but not yet effective:

The Foundation has assessed the impact of these new standards and interpretations and considers the impact to be not applicable or insignificant.
