

INDEPENDENT AUDITOR'S REPORT

Art Gallery of New South Wales Foundation

To Members of the New South Wales Parliament

Opinion

I have audited the accompanying financial statements of Art Gallery of New South Wales Foundation (the Foundation), which comprises the Trustees' Statement, the Responsible Persons' Declaration, the Statement of Comprehensive Income for the year ended 30 June 2023, the Statement of Financial Position as at 30 June 2023, the Statement of Changes in Equity and the Statement of Cash Flows, for the year then ended, notes comprising a Statement of Significant Accounting Policies, and other explanatory information.

In my opinion, the financial statements:

- have been prepared in accordance with Australian Accounting Standards and the applicable financial reporting requirements of the *Government Sector Finance Act 2018* (GSF Act), the Government Sector Finance Regulation 2018 (GSF Regulation) and the Treasurer's Directions
- presents fairly the Foundation's financial position, financial performance and cash flows
- have been prepared in accordance with Division 60 of the Australian Charities and Not-for-Profits Commission Act 2012 and Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2022
- have been prepared in accordance with clause 18 of the of the Taxation Administration (Public Ancillary Fund) Guidelines 2022 (the Guidelines).

My opinion should be read in conjunction with the rest of this report.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Foundation in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of public sector agencies
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Directors' Responsibilities for the Financial Statements

The Directors are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards, the GSF Act, GSF Regulation and Treasurer's Directions and the *Australian Charities and Not-for-profits Commission Act 2012*. The Directors' responsibility also includes such internal control as the Directors determines is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Foundation's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors_responsibilities/ar4.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Foundation carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

Notes to the financial statements for the year ended 30 June 2023

1 Statement of significant accounting policies

(a) Reporting entity

The Art Gallery of New South Wales Foundation (the Foundation) is a Public Ancillary Fund. The Foundation was constituted by Trust Deed dated 23rd August 1982 and amended variously up to and including 20th August 2020. The Foundation is not a controlled entity of Art Gallery New South Wales Trust and is therefore not required to comply with the *Goverment Sector Finance Act 2018*. The Foundation comprises all operating activities under the control of the Trustees of the Foundation. The Foundation operates one program to raise donations, invest the capital and make distributions to the Art Gallery of New South Wales Trust (the Gallery) for the acquisition of works of art. It is a not-for-profit entity, as profit is not its primary objective and it has no cash generating units.

The Foundation holds authority number CFN18151 to fundraise under the provisions of the *Charitable Fundraising Act, 1991(NSW)*. The Foundation is registered with the Australian Charities and Not-for-Profits Commission and is a not-for-profit entity.

The financial report for the year ended 30 June 2023 was authorised for issue in accordance with a resolution of the Board of Trustees on 17 October 2023.

(b) Basis of preparation

The Foundation's financial statements are general purpose financial statements, which have been prepared in accordance with:

- applicable Australian Accounting Standards and Interpretations
- the provisions of the Charitable Fundraising Act 1991 and the regulations under the Act;
- the Australian Charities and Not-for-Profit Commission Act 2012 and
- Taxation Administration (Public Ancillary Fund) Guidelines 2022.

All amounts are rounded to the nearest one thousand dollars and are expressed in Australian currency.

Financial assets at 'fair value through profit or loss' are measured at fair value. Other financial statements items are prepared on an accrual basis and based on historical costs. Judgements, key assumptions and estimations management has made are disclosed in the relevant notes to the financial statements.

(c) Statement of compliance

The financial statements and notes comply with Australian Accounting Standards and Interpretations. The Foundation has adopted all of the new and revised standards and interpretations issued by the Australian Accounting Standards Board that are relevant to its operations and effective from the current annual reporting period.

(d) Accounting for the Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of amount of GST, except that :

• the amount of GST incurred by the Foundation as a purchaser that is not recoverable from the Australian Taxation Office is recognised as part of the cost of acquisition of an asset or as part of an item of expense; and

receivables and payables are stated with the amount of GST included.

Notes to the financial statements for the year ended 30 June 2023

Operating cash flows are stated on a gross basis in the Statement of Cash Flows. The cash flows arising from investing and financing activities which are recoverable from, or payable to, the Australian Taxation Office are also classified as operating cash flows.

(e) Accounting standards issued but not yet effective

(i) Applicable for the first time

The accounting policies applied in the current financial year are consistent with those of the previous financial year. No new accounting standards have been applied in 2022-23.

(ii) Issued but not yet effective

NSW public sector entities are not permitted to early adopt new Australian Accounting Standards unless Treasury determines otherwise. The following new or revised Australian Accounting Standard has not been applied and is not yet effective.

AASB 2020-1 Amendments to Australian Accounting Standards – Classifications of Liabilities as Current or Non-Current effective for reporting periods beginning on or after 1 January 2024.

A number of other new standards or amendments to standards have been identified and assessed and it is expected that they will have no material impact on the Financial Reports when these standards are applied or become effective.

(f) Equity - Accumulated Funds

The category of 'Accumulated Funds' includes all current and prior period retained earnings.

(g) Comparative information

Except when an Australian Accounting Standard permits or requires otherwise, comparative information is disclosed in respect of the previous period for all amounts reported in the financial statements.

(h) Income tax

The Foundation is a registered charitable fund and is entitled to an income tax exemption concession.

(i) COVID-19

The Foundation has returned to a full year of normal operations in 2022-2023 and the impacts of COVID-19 on the 2022-2023 Financial Statements have been considered and have not resulted in any material changes to the Foundations's financial performance or financial position.

	5,133	4,453

Recognition and Measurement

(i) Donations and bequests

Revenue is measured at the fair value of the consideration or contribution received or receivable. Donations collected, including cash and goods are recognised as revenue when the Foundation gains control of the asset. Bequests are recognised when the Foundation is notified of an impending distribution or the bequest is received, whichever occurs earlier. Non-cash donations and contribution of services shall only be recognised as income when the fair value can be reliably measured.

(ii) Investment revenue

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit impaired. For financial assets that become credit impaired, the effective interest rate is applied to the amortised cost of the financial asset (i.e. after deducting the loss allowance for expected credit losses). Dividends and Distributions income is recognised when the Foundation's right to receive payment has been established.

Cash within the investment portfolio	5,276	10,104
Short-term deposits within the investment portfolio	6,450	-
Total cash	12,153	12,451

For the purpose of the Statement of Cash Flows, cash includes cash at bank and cash balances held within the investment portfolio. Interest is earned on daily bank balances and paid monthly at the normal commercial rate.

5	Current assets - receivables	
Rec	eivables	 1,732

Receivables comprised investment distributions not yet received and dividend imputations refundable from the ATO.

6 Non current assets - financial assets at fair value through profit and loss

(a) Financial Instruments

The Foundation holds the following financial assets at fair value through profit and loss:

Equities	6,243	8,341
Fixed Income (Bonds)	13,443	7,840
Managed funds	31,365	29,356
Total non current financial assets at fair value	51,051	45,537

The internal rate of return on the Australian Equities mandate was 8.97% in FY23 on an average balance of \$6.461m. The internal rate of return on the Managed Fund account (including the Quest Managed Portfolio and Term Deposits) was 9.01% in FY23 on an average balance of \$38.569m. The internal rate of return on fixed income holdings was 5.22% in FY23 on an average balance of \$11.973m.

Total Funds under management with the investment manager is:

Financial assets at fair vale through profit and loss	51,051	45,537
Cash held within the investment portfolio (Note 4)	5,276	10,104
Short-term deposits held within the investment portfolio (Note 4)	6,450	-
	62,777	55,641

Overall, the Foundation earned an investment return of 8.57% in FY23 on an average balance of \$59.249m, representing all of its investments (including cash).

(b) Financial Risks

The Foundation's investment portfolio and investment strategy is reviewed by the Finance Committee who meet at least every quarter and more frequently as required. Each meeting includes a review of the performance, the managers and the allocations of the assets within the portfolio. The main risk arising from the Foundation's financial assets is market risk.

Notes to the financial statements for the year ended 30 June 2023

The portfolio is also reviewed every 3 years by an independent investment consulting firm. Mercer was engaged by the Foundation to review the current Long-term Strategic Asset Allocation (SAA) of the Foundation corpus of funds undermanagement and associated governance.

The Mercer tri-annual review dated April 2023 was adopted by the Finance Committee 19 June 2023, with the recommendation for it to be Noted by the Foundation Trust Board at its next meeting.

The review confirmed the following were in line with Foundation policy and performance expectations:

- · Investment objectives
- Long-term strategic asset allocation

• Investment performance including overall portfolio performance, asset class performance, manager performance and portfolio construction across each asset class.

Credit risk is the risk of financial loss where a counterparty to a financial instrument fails to meet its contractual obligations. The Foundation is not materially exposed to concentrations of credit risk to a single trade debtor or group of debtors. No collateral is held by the Foundation nor have any financial guarantees been granted.

Liquidity risk is the risk that the Foundation will be unable to meet its payment obligations when they fall due. The Foundation continuously manages this risk through monitoring future cash flows and maturities planning to ensure adequate holding of high quality liquid assets. The Foundation has no loans or overdrafts and no assets have been pledged as collateral. Based on experience to date, the Foundation continues to meet it's obligations as and when they fall due.

Market risk is the risk that the fair value or future cash flows of the Foundation's financial assets will fluctuate because of changes in market prices. Market risk is inherent in equity markets, which are subject to global volatility. In FY2023, global markets have been characterised by the concerted efforts of Central Banks in increasing cash rates to rein in widespread inflation. The Trustees endeavours to limit the impact of market volatility by investing in a selection of defensive assets and managed funds which provide diversification through asset allocation over a spread of financial assets (cash, bonds, fixed interest securities and equities), in both local and overseas markets, held over short, medium and long term investment horizons.

The following table summarises the impact of fluctuations on the investment portfolio in relations to changes in market prices:

	Change in Interest rate / Unit Price		Impact on Profit/Loss	and Equity
			\$'000	\$'000
Cash	+/-	4%	486	(486)
Equities	+/-	10%	624	(624)
Fixed Income (Bonds)	+/-	10%	1,344	(1,344)
Managed funds	+/-	10%	3,137	(3,137)

Interest rate risk is confined to fixed rates on term deposits and fixed or floating rates on listed interest based securities. The Foundation has no interest bearing liabilities and therefore is not exposed to interest rate risk on borrowings.

Notes to the financial statements for the year ended 30 June 2023

(c) Fair value recognised in the Statement of Financial Position

The Foundation uses the following hierarchy for disclosing the fair value of financial instruments by valuation technique:

Level 1 - Derived from quoted prices in active markets for identical assets / liabilities.

Level 2 - Derived from inputs other than quoted prices that are observable directly or indirectly.

Level 3 - Derived from valuation techniques that include inputs for the asset / liability not based on observable market data (unobservable inputs).

	41,699	3,838	-	45,537

There were no reclassifications between level 1 and 2 during the period ended 30 June 2023.

Impairment of financial assets

AASB 9 Financial Instruments requires an entity to recognise an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual and expected cash flows, discounted at the original effective interest rate. No provision for impairment has been raised in the current year.
