# FIELD TRIP ARTIFACT OBSERVATION GUIDE

An *artifact* is an object made by a human being.

## Observe the artifact.

What do you notice about its shape, color, size, or texture?

## Create a diagram.

What details are important to draw and label?

## Infer - what do you think?

Who used it? How and why did they use it?

---

---

---

---

---

## Talk to a partner:

Why did you choose to study this artifact?

Does this artifact remind you of something you have seen in your neighborhood, school, or home? If so, what?
