Dear _____ [name of a friend/family],

It was the last day of our journey and we still hadn't spotted a _____ [animal name]. The day started badly. It was _____ [type of weather] and I ended up spilling _____ [liquid] on my _____ [piece of clothing]. Just before sunset, I was quietly walking and looked down because _____ [some weird thing that could happen] and at just that moment I heard a sound to my left and I knew the _____ [same animal name as above] was close by. I quickly looked up to see it right in front of me! Before I could realize what was happening, it had somehow taken my _____ [something you bring camping] and I spent the next hour chasing after it until I wrestled it out of the animal's mouth. It was quite an adventure and there's more to the story—I'll write more soon.

LIONS OF TSAVO

Don't miss the famous man-eating Lions of Tsavo while you are in the hall of African mammals.

These are male lions—what feature is missing that you would expect to see? Read the labels to learn the answer.

You may have heard of these lions from the 1996 movie *The Ghost and the Darkness*.

WHAT IS AN ANIMAL?

BINGO!

Can you find answers to a whole row, column or diagonal?

Find an animal that...

Is red	Has a funny nose	Can fly	Has a shell
Is blue	You saw in real life	Has no eyes	Swims
Has no bones	Is bigger than you	You would eat	Has a funny name
You would not like to pet	Looks stinky	You would have as a pet	Is best at hiding

ANIMAL BIOLOGY

Choose from any of the display cases in the room: Which animal would you invite to your birthday party and why?
