Terms & Conditions - Henry Schein reserves the right to remove this offer at any time and without notice. Savings are calculated based on an average practice setup size. The minimum spend requirements to qualify for option 2 is an \$80,000 equipment surgery setup including a Treatment Unit and at least two other pieces of equipment (excluding CAD/CAM) and a minimum consumables setup spend of \$20,000 and excludes EMS. The consumables setup package must represent fair usage defined by your Territory Manager. To qualify for option 3 the minimum annual spend on consumables is \$20,000 per year, per treatment unit. Flexible financing options are available through Henry Schein's financing partners. To qualify, it must be a new surgery setup, not applicable to renovations or normal equipment purchases. Any discounts are based on the RRP and are not available in conjunction with any other offers. Returns are not accepted on expired stock - standard returns policy applies to stock ordered as part of the package.

\*\*Receive EXACT dental software, 12 months of support, access to E-learning, auto-updates, and a 12-month membership to our business coaching program. This offer excludes optional EasyPost and SMS usage costs.
