

DEVELOPER

Who we are

Codam is a new and innovative coding college in the heart of Amsterdam. We aim to offer quality learning to our students and to create the next generation of software engineers and digital visionaries. Everyone from 18 to 30 years old is welcome to apply as a student, we offer our programme free of charge, and no qualifications or diploma are required.

We believe in equal opportunity and education as an engine for social mobility, we give young people a better chance of maximizing their potential. Codam's education model is based on peer-to-peer learning. Students will learn through doing and solving problems with their peers, in a college with 24/7 access.

Codam is looking for a Developer who will be responsible for the maintenance and development of our websites, dashboard, and other technical and pedagogical support that is needed.

Key responsibilities

- Managing the PR and application websites, make sure both are up to date and available at all times.
- Together with the IT Manager, designing, writing and maintaining Codam's dashboard. Find out the different needs within the team, and come up with suitable technical solutions and tools.
- Work closely together with the Head of Studies, Administrative Manager and IT Manager, to design new and creative tools that serve both students and staff.
- Providing technical support and expertise regarding the installation, configuration and use of the educational tools provided by 42. For example, Automatic evaluation scripts, student submission platform, coding style verification scripts and the exam platform.
- Providing the Head of Studies with tools and scripts through the API to ease interaction with the intranet of the French school 42.

Who we are looking for

- Experienced with Ruby on Rails and Python, as well as development in a Unix environment.
- Excellent communication skills, open, and responsive to technical needs in the organization.
- Team player: easy to communicate with, open for new ideas and flexible.
- Enjoy working in a small team with a big mission: to help a new generation shape the future.

What we offer

- Full time job (40 hours)
- Start as soon as possible

So if you are technically skilled, open to learning new skills, and love to work in a dynamic environment, then come and join the Codam team in this unique and exciting adventure.

Please send your application letter and resume to Roos Peters at roos.peters@codam.nl.
