Stichting Codam Kattenburgerstraat 7 1018 JA Amsterdam

Heemstede, June 24, 2024 Dear Members of the Board,

1 ACCOUNTANT'S COMPILATION REPORT

The financial statements of Stichting Codam at Amsterdam have been compiled by us using the information provided by you. The financial statements comprise the balance sheet as at December 31, 2023 and the statement of income and expenditure for the period ended December 31, 2023 with the accompanying explanatory notes. These notes include a summary of the accounting policies which have been applied.

This compilation engagement has been performed by us in accordance with Dutch law, including the Dutch Standard 4410, "Compilation engagements", which is applicable to accountants. The standard requires us to assist you in the preparation and presentation of the financial statements in accordance with the Guidance for annual reporting 650 "Fundraising Institutions" of the Dutch Accounting Standards Board. To this end we have applied our professional expertise in accounting and financial reporting.

In a compilation engagement, you are responsible for ensuring that you provide us with all relevant information and that this information is correct. Therefore, we have conducted our work, in accordance with the applicable regulations, on the assumption that you have fulfilled your responsibility. To conclude our work, we have read the financial statements as a whole to consider whether the financial statements as presented correspond with our understanding of Stichting Codam. We have not performed any audit or review procedures which would enable us to express an opinion or a conclusion as to the fair presentation of the financial statements.

During this engagement we have complied with the relevant ethical requirements prescribed by the "Verordening Gedrags- en Beroepsregels Accountants" (VGBA, Dutch Code of Ethics). You and other users of these financial statements may therefore assume that we have conducted the engagement in a professional, competent and objective manner and with due care and integrity and that we will treat all information provided to us as confidential.

For further information on the nature and scope of a compilation engagement and the VGBA we refer you to www.nba.nl/uitleg-samenstellingsverklaring.

Heemstede, June 24, 2024

Van Noort Gassler & Co on behalf of,

M.F.A. Bosters AA

2 **GENERAL**

General information

Codam was incorporated on 26th September 2017 in the municipality of Amsterdam, Netherlands, as a result of furthering the mission of social mobility by Corinne Vigreux the founder and chairperson of Stichting Codam.

When Corinne founded Codam her vision was clear; to disrupt education by offering a high-quality education as an alternative for those who do not fit into traditional systems or have opted into the wrong subject track.

Codam college provides free computer programming education to train those who for many reasons need to find new and better skills to acquire employment in a sector which is growing and needs particular skills for jobs of the future. Among our student population are those who did not graduate or complete formal education or who require a second chance at unlocking talent and skills to secure meaningful employment.

Codam is part of the 42 Network global community which provides a unique curriculum for students based on peer-to-peer collaborations and challenge-based tasks, which is supported by workplace internships, mentors and inspirational speakers to gain employment in computer coding, software development and technical operational development in general.

DIRECTORS' REPORT

3 DIRECTORS' REPORT

Goal, mission, vision

Statutory goal

The goal of Stichting Codam as an ANBI (public benefit organisation) is to:

- a. Provide education and skills and also finance the training of students of eighteen (18) and older in the area of programming computers, development of software and operational development in general.
- b. Provide free digital skills training for students to improve their chances in the job market; and
- c. Support other Public Benefit Organisations to achieve similar or other charity goals, and furthermore all activities which could help achieve these goals in the broadest sense of the world.

Codam Mission and vision

Codam's mission is to provide cutting edge software engineering education to find meaningful work.

There is a significant shortage of software engineers around the world. Estimates suggest that 58.000 are required in the Netherlands, and demand is only increasing. Traditional education is not equipped to solve the growing shortages and, paired with the limited training available, potential talent goes undiscovered and underused.

Codam offers a unique and accessible model that educates a diverse group of people in an effective and scalable way. We reach students from different backgrounds, ages, and gender. This includes individuals who have never imagined that programming could be something for them and those for whom programming was previously unattainable.

Advancements in technology continue to create new job opportunities and Codam provides a foundation of skills and a learning method which allows students to continually learn and develop skills, not just for the opportunities today but also for the future.

Codam does not require diplomas or degrees, only motivation and tenacity to complete the assessment "Piscine". The application is open to anyone over 18 who is looking to acquire new skills to improve their chances of finding work.

Codam students follow a unique learning curriculum based on peer-to-peer collaborations and challenge-based tasks, which is supported by workplace internships, mentors and inspirational speakers to prepare students for full time employment in computer coding, software engineering and technical operations in general.

Most important risks and uncertainties

A risk assessment has been performed during the preparation of this report and the Financial Statements. The risk assessment undertaken comprises of:

- a. A review of the risks faced by the Foundation during the reporting period, post period-end and in the future.
- b. Establishment of systems and procedures to mitigate those risks; and
- c. Implementation of procedures designed to minimise any potential impact on the Foundation should those risks materialise.

This work has identified financial sustainability as the major financial risk for the Foundation. A key element in the management of financial risk is a regular review of available liquid funds to settle debts as they fall due and active management of trade debtors and creditors to ensure sufficient working capital by the Foundation.

Realisation of the goals

The Codam team has supported 400 students in 2023 and continues to encourage females into the programme. Currently we have 29% of female/non-binary representation in the cohort. The focus is on driving diverse and inclusive initiatives. Codam produces high quality software engineers. The success of our students can be measured by the employment rates of our graduates. All graduates secured full time work in 2023. Our surveys indicate that students and employers record high satisfaction rates.

Financial policy and financial results

Stichting Codam is currently funded by the Sofronie Foundation, a charitable foundation created and financed by Corinne Vigreux. The Foundation is managed by a board and all funding approved by a grant proposal and annual grant. The grant includes all capital and operating costs of Codam, including facilities, building requirements, equipment, staff and students. Sofronie approved a grant of EUR2,400,000 to Stichting Codam for 2023 a significant increase based on increased operating costs (Europe wide energy increases, inflationary increase, expansion of student cohort corresponding to the increased franchise fee) and reserves being fully utilised.

Stichting Codam received donations for eligible students to cover living expenses based on need as follows; Adyen NV (EUR43,200) and Stichting Exact Foundation (EUR21,600).

Further monitoring and control of operational costs will continue, and additional external funding actively encouraged in future plans.

Governance

Group structure

As a member of the 42 Global network, Codam has exclusivity to operate the franchise in the Netherlands. The main headquarters of 42 are based in Paris and provide the educational curriculum for 49 other schools around the world.

The Codam Board

Stichting Codam is governed by its Articles of Association, dated 25 September 2017 and revised 13 October 2022. The Foundation is managed by a Board of Directors who meet at least once per year. The Directors who are responsible for the management and financial matters discuss and develop the goals and strategy and review operational requirements with the Codam Management.

The Board consists of:

- Corinne Goddijn-Vigreux (Founder/Chair)
- Harold Goddijn (Founder/Trustee)
- Janneke Niessen (Trustee/Secretary)
- Daniel Roos (Trustee/Treasurer)
- Paul Zevenbergen (Trustee)

The Board consists of a minimum of three members at any one time and the Members are appointed by a board resolution. The range of skills selected and represented in recruitment will be kept under review as the Foundation develops over time.

Board Induction and Training

The Trustees are provided with an information pack which includes the Foundation's Memorandum and Articles of Association, past Trustee annual reports and relevant minutes of Trustee meetings. All Trustees are reminded of their duties and obligations under the law in addition to their proper conduct. Trustees (who are also directors of the Foundation for the purposes of company law) are responsible for preparing the Annual Report of the Trustees and the financial statements in accordance with applicable law and Dutch Accounting Standards.

The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. In so far as the Trustees are aware:

- a. There is no relevant audit information of which the company's auditor is unaware; and
- b. The Trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Internal Controls

The Trustees have overall responsibility to ensure that the Foundation has appropriate systems of internal controls. They are also responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Foundation and enable them to ensure that the financial statements follow best practice. They are also responsible for the Foundation safeguarding its assets and taking reasonable steps for prevention and detection of fraud and other irregularities. The system of internal controls is designed to provide reasonable, but not absolute, assurance against material misstatement or loss.

Codam Team

The operational team are responsible for the welfare of the students and processes in delivering the curriculum. This team is directed and supervised by a management team who report directly into the Codam Board.

Remuneration Policy

Board Members

All Board members volunteer their time and do not receive any remuneration. They are entitled to be reimbursed for reasonable expenditure in line with their attendance at meetings.

All directors give of their time freely and no director received remuneration in the year. Details of directors' expenses and related party transactions are disclosed in the accounts.

Employees

Staff employed at Stichting Codam are paid according to local market rates and in accordance with statutory requirements. Salaries are reviewed annually.

Communication with stakeholders

Codam Students are in continuous communication with the Codam team either by internal online systems or attending the weekly Monday meetings and regular activities provided as part of their experience at Codam. A School Council run by students deals with any issues or suggestions from the student cohort directly with the Codam Team.

Staff members attend a weekly peer meeting and regular meetings with the Chair of the Codam Board and Sofronie representatives.

The Board meets to discuss all key financial matters and is invited to major events and celebrations.

Business Internship Partners are in regular contact with the Head of Partnerships and Talent to match students with available projects to gain workplace experience and also to provide partnerships for Hackathons and other activities.

Plans for the future

Codam will be celebrating their 5th year anniversary "Lustrum" in 2024 and embrace a new phase of growth and development. Codam will welcome partnerships to enhance and build future financial investment and increase our impact on the careers of our students and build a bigger future for Codam and Codam students.

The contribution of our board is greatly appreciated especially our long serving members who depart in September 2024. We would like to thank them for their commitment and wish them well in the future. Improvements for 2023 include attracting more students to the Codam Advanced curriculum, a follow-on programme providing more depth and knowledge in five topic areas covering Graphics, AI, Web and mobile development, operating systems, and security.

Corporate social responsibility

Codam has been awarded the quality mark as a member of the NRTO which is the trade organisation of the Dutch Council for Training and Education. This assessment is awarded by an external certification institution and meets the high quality requirements expected in delivering an educational programme. As a responsible and professional organisation Codam conducts its business dealings with transparency, integrity, equality and respect. Wherever possible Codam will promote good environmental practices and review its practices regularly to continually improve.

7 ACCOUNTING POLICIES

GENERAL

Statement of compliance

The financial statements have been prepared in accordance with the Guidance for Annual Reporting 650 "Fundraising Institutions" published by the Dutch Accounting Standards Board.

Functional and presentation currency

These financial statements are presented in Euro, which is the Foundation's functional currency.

Foreign currency transactions

Transactions in foreign currencies are translated to the functional currency at exchange rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate of the transaction.

Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

Estimates

In applying the principles and policies for drawing up the financial statements, the directors of Stichting Codam make different estimates and judgments that may be essential to the amounts disclosed in the financial statements. An important area in which estimates have been made concerns the reallocation of expenditures to spend on objectives.

ACCOUNTING POLICIES FOR ASSETS AND LIABILITIES

Assets and liabilities

All assets and liabilities are stated at nominal values, except when stated otherwise.

Tangible fixed assets

Tangible fixed assets are stated at historical cost less accumulated depreciation. Impairments are taken into consideration; this is relevant in the event that the carrying amount of the asset (or of the cash-generating unit to which the asset belongs) is higher than its realisable value. Depreciation is charged as a fixed percentage of cost, as specified in more detail in the notes to the balance sheet.

Assets in use for objectives or in use for the operations

There are assets in use for objectives and assets used for the operations. A disclosure shall be made under notes to the balance sheet.

Receivables

Receivables are valued at historical cost, if necessary, less a provision for bad debts, which is determined by an assessment of individual items.

ACCOUNTING POLICIES FOR THE INCOME STATEMENT

Income and expenditure

Income and expenditure are recognised in the period to which they relate on an accrual's basis.

Taxation

There are no taxes calculated because the Foundation is exempt from corporation tax and value added tax.

ACCOUNTING POLICIES FOR THE CASH FLOW STATEMENT

Cash flow statement policy

The cash flow statement has been prepared using the indirect method. The cash items disclosed in the cash flow statement comprise of cash at banks and in hand except for deposits with a maturity longer than three months. Cash flows denominated in foreign currencies have been translated at average estimated exchange rates. Exchange differences affecting cash items are shown separately in the cash flow statement. Interest paid and received, dividends received and income taxes are included in cash from operating activities.
