

## Kim Zolciak Got Botox & A Nose Job???

Girlfriend is looking brand new!!

**Kim Zolciak** attended the **2013 Upfronts** event in New York City last week, and while she appeared to-die-for, there's a reason why her look was oh-so-fresh.

According to **Dr. Raffi Hovsepien** of RHMD Plastic Surgery in Beverly Hills, *The Real Housewives of Atlanta* star has had some WERK done, he said:

"It looks like Kim has had a rhinoplasty with tip refinement. Her lips look like they have been augmented and her forehead has no creases which leads me to believe she has had a lot of botox as well."

Hovsepien has never worked with Kim before, but considering that his

expertise is plastic surgery, he knows when someone has had a little nip and tuck.

We're just glad that Miz Zociak didn't do anything extreme because we wouldn't want her looking cray!!

Ch-ch-check out the before and after pics (above), and tell us what U think!!
