

## PRESS RELEASE

Paris, September 7, 2022

### Keolis wins the contract for the Senlis public transport network

- The town of Senlis, in the department of Oise, awarded Keolis the operation and maintenance of its public transport network *Transport Urbain Senlisien (TUS)* which began on 1<sup>st</sup> September 2022, for a period of 6 years.
- Keolis Oise's main mission will be to improve the network's quality of service and to deploy dynamic passenger information.

Consisting of a fleet of ten vehicles (buses and minibuses), the **TUS** network, accessible to its passengers free of charge since 2000, is made up of five lines. It serves all the key locations in the town, which has a population of 15,000, including the bus station, the industrial zone, schools, the centre of town and the shopping centre.

Passenger information will be enhanced over the course of the contract, in particular through the creation of a timetable guide which passengers will be able to access online, as well as the roll-out of dynamic passenger information.

Four hybrid vehicles will be introduced within the next few months with the aim of contributing to the municipality's energy transition. The public transport authority also plans to put four electric minibuses into service in 2023.

### Strengthening Keolis' presence in the department and the region

This contract win enables Keolis to increase its presence in the Oise department, where the Keolis Group also operates city transport services in **Chantilly, Lamorlaye and Pont-Sainte-Maxence** and intercity services in the **region of Hauts-de-France**. Keolis Oise employs over 200 people and operates a fleet of vehicles covering around 5 million km per year across the department.

In Hauts-de-France, the Keolis Group operates the public transport networks of the conurbations of **Lille, Arras, Chauny, Amiens** and **Valenciennes** (from 1 January 2023).

### Key figures for the TUS network

- 5 regular lines	- 205,000 km covered per year
- 10 vehicles	
- 300,000 journeys
