About Yoto

Inspired by Montessori principles, Ben Drury and Filip Denker founded Yoto in 2017. The very first Yoto Player launched on Kickstarter, then promptly sold out in 2019. The second generation Yoto Player was designed with renowned design agency, Pentagram, and launched in early 2020. The brand's portfolio continued to grow with subsequent product launches, including the portable Yoto Mini in 2021 and with the third generation Yoto Player in 2023.

Now available worldwide, Yoto has won awards and accolades from critics, parents and children alike. TIME Magazine named Yoto Player one of the Best Inventions of 2020, and Yoto Mini won a prestigious D&AD Pencil in 2022.

Yoto's platform features both award-winning original content and audio that has been licensed or co-created with partners. These partners include Pottermore Publishing, PRH, Macmillan, Sony, Disney, LEGO, Roald Dahl Story Company, HarperCollins, Hachette, Viacom, Bonnier and Scholastic.

The screen-free audio player that kids control

Packed with features to help support independent play, routines and bedtime.

Great for at home

This is the third generation of our award-winning audio player. Designed to soundtrack childhood adventures, it's packed with features that inspire creative play and support family life.

[Yoto Player](#) (3rd Generation) builds on the features beloved by families around the world. Yoto cards give kids control over 800 audio titles from the world's greatest creators. And its seven-color night light - improved for a more vibrant glow - helps parents get "nighty-night"s and wake-ups right.

And now the acoustically-engineered Yoto Player (3rd Generation) sounds better than ever. Families can enjoy up to 16 hours of play on a single charge. Plus, a room thermometer lets parents of newborns ensure their baby is always sleeping comfortably.

It's the next generation player for the next generation of play.

Make it unique to you and yours

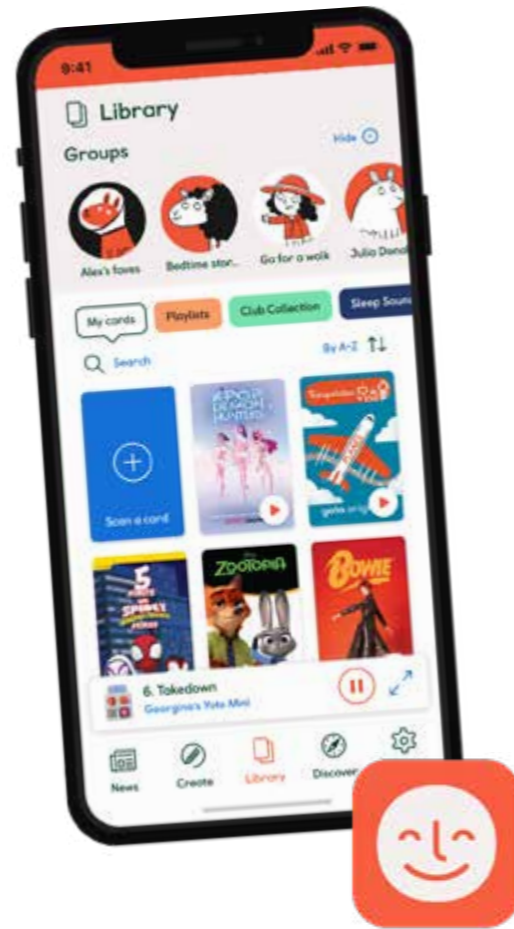

Family life - it's personal. Record your own bedtime stories, make your own mixtapes, or tune in to your favorite radio stations with [Make Your Own Cards](#).

yoto app

The [Yoto App](#) is the hub for setting up, customising, and managing Yoto players, as well as organising Yoto Cards and creating routines like “okay-to-wake.” Unlock free content including sleep sounds, soundscapes, radio stations and timers — and you could even add them to Make Your Own cards to let your kids play them directly from their Yoto. You can even record and add your own music, stories or messages right in the app, making it easy to stay connected from anywhere.

The Yoto App is where parents prepare the magic, setting the stage for joyful audio moments every day.

[Yoto Club](#) empowers families to build inspiring card collections from just £2.50 per month. Members receive Club Credits, which can be redeemed on over 850 cards and packs. In addition to flexible credit spending, members enjoy perks such as always-on in-store discounts, free shipping and more.
