**Christmas comes early for lucky Tasmanian as United
and RACT team up to give away a new car**

The RACT and United have teamed up to give one lucky customer a new car.

Longford resident Roger Lockhart was thrilled to get the news.

"When I got the call I thought Christmas must have come early," Mr Lockhart said.

Mr Lockhart is an RACT member and entered the draw when he filled up at United.

United's State Sales Manager, Michael Coles congratulated Mr Lockhart.

"After a tough year for many Tasmanians it was great to put a smile on someone's face," Mr Coles said.

"United is a proud part of the Tasmanian community and it's fantastic to work with RACT and be able to give back to our customers."

RACT's Chief Member Experience Officer, Stacey Pennicott, said the competition was a hit with members.

"It pays to be with RACT, whether it's accessing roadside assistance, great value with one of our many partners, discount fuel at United outlets or going into the draw to win a car," Ms Pennicott said.

"In fact, between July last year and the end of June this year, RACT members have saved \$3.75 million on fuel by flashing their member card at United outlets and receiving a 6 cents per litre discount. Our Fuel Saver app has also helped people find the cheapest fuel in their area."

Ms Pennicott thanked United for supporting the competition and all of the RACT members who entered.
