# Book your next holiday with the experts

by Christine Benbow, State Sales Manager – RACT Travel

The festive season in Tasmania brings with it the cruising wave season where many cruise ships relocate to more favourable summer southern waters from their usual cruising grounds in the northern hemisphere. It's a great opportunity to see new ships in our ports and maybe take advantage of a cruise from Melbourne, Sydney, Brisbane and the occasional Hobart departure during this period. It's also a time to get on board with those ships relocating back to their northern cruising grounds between March and May and thinking about the next wave season arrivals October to November 2024. One way crossings at amazing prices can be obtained from European, North American and Asian ports to/from Australia at these times each year.

If you had another style of travel in mind, many of our RACT Travel team members have been travelling during 2023 to ensure they are up to date with the hot destinations and latest products to pass on the best advice and knowledge to our clients. From experiencing small group touring in South Africa, Sri Lanka, Spain, Croatia, Bosnia and Herzegovina; cruising the European waterways on a variety of the latest newly launched river ships; enjoying city stays in London, Paris, Singapore and Doha; self driving through the Scottish Highlands; flopping and dropping on the beaches of Fiji and Bali and exploring Western Canada including the magnificent Rocky Mountaineer rail journey. Whatever dream holiday you are thinking of for 2024-25, let

Sasi Sims from RACT Travel Hobart, on an APT tour of Canada

our RACT Travel experts plan the perfect journey to suit your travel style.

May I take this opportunity to wish you all a safe and Merry Christmas, thank you for your patronage during 2023 and happy travels for the future.
