RACT Travel your trusted travel professionals

by Christine Benbow, State Sales Manager – RACT Travel

As we head into Autumn at home, the northern hemisphere prepares for their busy Summer period and the arrival of the many Australians who travel at this time of year. It isn't too late to find a great deal for Europe and North America in 2024, with more air capacity and windows of great air deals to get you to your chosen destination.

Closer to home Vietnam is very popular with many guests travelling on longer itineraries, choosing to stay longer in each destination and combining a mixture of touring, river and ocean cruising. We have a limited number of last seats on our locally Escorted Murray River Christmas in July departure and have just released the 2024 departure of our popular

Terraced rice field landscape near Sapa in Vietnam.

Singapore Christmas Lights Fly, Tour & Cruise holiday! Don't miss more of our packages on page 2!

European River cruising has now opened for 2025 with some operators offering 2024 rates on 2025 departures if booked as part of their pre-release. And for the past river cruisers amongst us, maybe consider cruising the delightful Douro river in

Portugal or even returning in winter to discover the European Christmas Markets.

On the oceans, cruising to & from Hobart is now supported by Princess, Ponant, Scenic, & Coral Expeditions; offering limited departures that we hope is the beginning of many more to come. Japan also continues to be very popular on both large and small ships and for land based itineraries. Meanwhile the Aegean and Croatian coast is perfect for mid-sized and small ship cruising.

Enjoy browsing the travel deals of this edition and reach out to a member of our experienced travel team to check out availability and plan that dream holiday of a lifetime!

Travel well!
