

Meredith Staib MHM GAICD

Meredith is a highly respected health, aviation and travel insurance executive with extensive experience. She is currently Chief Executive Officer of the Royal Flying Doctor Service (Queensland Section), one of the largest and most comprehensive aeromedical organisations in the world.

She is an experienced Board Director and Chief Executive with a strong track record leading large-scale organisations in highly regulated and complex environments across healthcare, aviation, financial services and insurance, both in Australia and internationally.

Drawing on extensive governance experience, including Chair roles across Audit & Risk, Finance & Performance, and Digital & Data Strategy, Meredith brings proven capability in overseeing organisational performance, transformation, risk and capital allocation across major service and infrastructure settings.

As a Chief Executive, Meredith combines strong commercial, financial and operational acumen with clinical insight, enabling effective oversight of strategy execution, investment governance, risk management and long-term value creation. Her experience spans the public, private and not-for-profit sectors, with a consistent focus on disciplined performance, sustainable growth and stakeholder alignment, including scaling operations, securing long-term funding agreements and strengthening financial performance while maintaining a strong focus on safety, quality and governance.
