

Material Pendant

The Material Pendant highlights the power of simplicity in form. Through this simplicity, it can become a standout piece within a room, or be used to complement those around it. From the warmth of oak and cork, to the roughness of concrete and marble, the richness of terracotta, and the radiance of yellow steel, the Material Pendant offers a versatile addition to any space.

Designer	Nørgaard & Kechayas, 2019
About the Designer	The no-nonsense design duo argues that great original design has nothing to do with price, but everything to do with the ability of its creator. That spirit of craft, combined with Nørgaard's reflective mind and Kechayas' "just do it" attitude, has made them a well-known name on the Danish design scene.

Cleaning & Care	Use a soft, dry cloth to remove the dust from the lamp. For deeper cleaning, dampen a cloth gently wipe the surface. If needed, use a mild detergent. Always test a small area first to ensure it does not damage the finish. After cleaning, use a dry cloth to wipe away moisture, since moisture can damage the material. Pay extra attention to the marble shades while cleaning - Marble is a natural material, it is sensitive to liquids. If the liquid is not removed immediately, spilled liquids can leave a permanent stain.
