# What makes us unique

#### **Plant**

the right tree in the right place, knowledge and expertise

#### Educate

future generations, sustainability and climate change

#### **Monitor**

each tree planted, unique tracking system

#### Build

communities, planting trees impacts society at large

## Education

## **Terra Mission**

- Life Terra Educational Package
  - Based on STEM & best available science
  - Learning levels: 8-10 & 12-14
  - Digital, interactive (IWB)
  - Several languages (EN, DE, GR, IT, NL, PT, SP)
  - Solutions-oriented (What can we do?)
  - Outdoor activities (School Tree Planting Guide

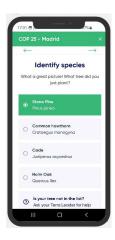

## Monitoring technology

## Tagging tool

6,570,331 trees \*6 North

#### Mountain-ash

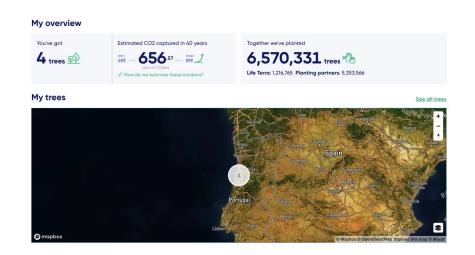

## Monitoring technology

# EUTreeAlliance: building a network to boost large scale climate action for all Europeans

Barcelona, 18/04/2024

ECOASSIST (RO)

- 1. Introduction
- 2. Consortium
- 3. Strategy
- 1. Impact & Outcome
- 5. Outputs
- 6. Work packages
- 7. Timeline
- 8. Budget

#### 1. Introduction

EUTreeAlliance: building a network to boost large scale climate action for all Europeans

**EU Tree Alliance** means <u>building a cooperation around tree planting</u> that <u>engage different target groups</u> across all European regions to enhance carbon sequestration by planting trees and effective & continuous knowledge exchange.

8th EUKI Call for Project Ideas 2024 - 1st stage : 12/03/2024 - 2nd stage : June 2024 - Aug 2024

Duration: 03/02/2025 - 30/07/2027 - 29M - Topic: Carbon Removals and Sinks

#### 2. Consortium

### **EUTreeAlliance**

Organization	Country	Description
STICHTING LIFE	NL	Stichting Life Terra is a foundation with a mission to
TERRA		restore our connection with the Earth and to
		enable people to take impactful climate action
		now.
NADACE	CZCH	Nadace Partnerství is the biggest Czech Republic's
		tree planting organisation and active in multiple
		climate action activities.
<b>Scout Association</b>	CRO	The Scout Association of Croatia is a national
of Croatia		scouting organization and the largest organization
		for children and youth in Croatia.
ECOASSIST	RO	ECOASSIST is Romania's biggest NGO planting
		trees.

#### 3. Strategy

#### WHAT:

**Knowledge sharing platform:** including a yearly congress, webinars and workshops, hosting community planting events, and employing mobile applications to register and monitor trees

#### WHO:

**Target groups participating:** governments, municipalities, educational institutions, civil society, consumers, enterprises.

#### **WHERE:**

**Target countries**: Czech, Croatia, Romania, and replicated in Poland, Bosnia and Herzegovina, Serbia, Slovakia, Hungary, Slovenia, Lithuania, Latvia, Bulgaria.

#### **HOW:**

**Demonstration plots:** planting new trees so stakeholders can see firsthand how climate action provides multiple ecosystem benefits and positive impact.

#### IMPACT (result)

**Expand cross-border cooperation** in Europe to facilitate climate change knowledge and responsible decision making for planting trees.

Raise climate awareness in Central & (South) Eastern Europe among governments, municipalities, and society

Motivate people all ages (from schools, communities, companies) to get involved in local climate action under a common European banner ("together we can make our cities, villages and rural areas more resilient against the impacts of climate change and foster large scale climate action in Europe"

#### **OUTCOME** (main objective)

**Build and strengthen the first European network** of national tree planting initiatives, raise awareness about climate solutions and involve people in climate action through their involvement in live experiences within outreach, education and tree planting events.

### **OUTPUT 1** (results) Creation of the first European tree planting network

## **OUTPUT 2 Development of planting events**

#### **OUTPUT 3** Promotion of awareness raising to engage in climate action

EUTreeAllliance conference. Special focus will be placed on providing an exhibition area, where climate and reforestation initiatives can set up booths \initiatives with regional governments. to share their projects with the attendees.

This Alliance empowers individuals to participate in climate action and facilitates the exchange of updates on climate

Our communication campaigns and events provide an incentive to inform and involve the community to become motivated and actively involved.

**Results**: 13 countries, 130 organisations subscribed, 3 EU conferences (200 parti) **Results**: 36 planting events with av. 200 participants, 54,000 new trees planted

**Results:** 8 workshops, 9 webinars (each with 150 participants) Overall reach of project: 10,350 persons directly involved + website/social media 50,000 visits

#### 6. Work Packages

## Communication Strategy Life

Tel for Campaigns

www.lifeterra.eu

## Communication strategy

- More than a "tree planting initiative" → create a movement & awareness
- Restore our connection with earth → take impactful climate action
- Channels:
  - Website & blog
  - Social media: LK, In, Fb, Tw, Tk, YT
  - Newsletters & email campaigns
- Importance of video to get to a general audience
- Consortium: BrightVibes, EURACTIV, EFE Verde

### **KPIs & Achievements**

11,259,192

people reached via SM

13,432

followers on social media\*

1,787

subscribers to the newsletters with **50.17%** average open rate

104

videos created that reached

**1,887,252** people

11,650

participants in local dissemination events and presentations

2,007

press mentions in

**+15** countries

<sup>\*</sup>Data from 01-07-2020 till 31-03-2024

## Importance of video

Social/human focus videos showcasing our events

Environment, general knowledge videos

## Promo campaigns

- Social media campaign to promote "adopt a tree"
  - La Junquera project
  - Special days: St Valentine's, Mother's Day...
  - End of year campaign
- Online webinars: Link Tree Planting to your University, EU GREEN WEEK
- Climate Action Awards
- Student Ecosystem Restoration Contest (summer 2024)

#### About La Junguera and our collaboration

La Junquera farm is a regenerative agriculture project in the region of Murcia, a semi-arid ecosystem severely degraded by deforestation, industrial agriculture and water exploitation. But now they are converting the 1,100-hectare organic almond and heritage grains farm into regenerative. Watch the video to know Alfonso and his story.

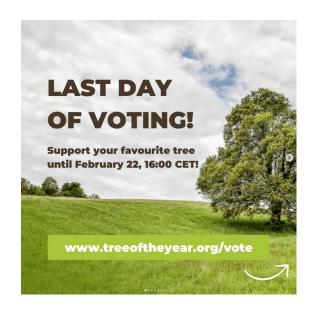

We united forces to plant 10,000 trees and shrubs in 2021 to help accelerate the reforestation efforts of the farm's ecosystem. And as this reforestation was successful we continued to plant trees this last

## European Tree of the Year

- How do you organise the campaign?
- How does the voting system work?
- What's the total budget for the campaign?
  - What % comes from donations?
  - How many stakeholders are involved (sponsors, government, other NGOs...etc)?
- Any experience that you would like to share?

**Every year, the European Tree of the Year voting brings** 

300000 people more aware of nature

local communities united by one cause

countries proud of their natural heritage

## **European Tree** Planting Day

Concept & draft Tech plan

www.lifeterra.eu

## Concept

- Join all EU tree planting initiatives for a one day (one month) tree planting
- Create the idea of a common movement/festival/alliance
- Replicate the success of EU Tree of the Year and other EU initiatives: promote massive climate action

## Name and logo options

Any thoughts?

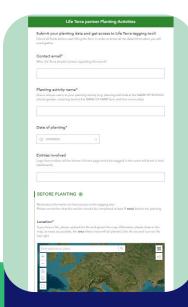

## How to join EU Tree Planting Day?

- Offer all partners an easy way to
  - Publish information: why, how, where and who...
  - Agenda for all events
  - Tagging tool to register the trees
  - Press section Invite & reasons to join page
- Choose a domain (i.e. eutreeplantingday.com)
  - Use Wordpress and ready to use host options (less costs)
- All founder organisations will have editing rights
  - Create /Edit pages / Add content

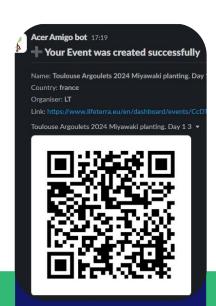

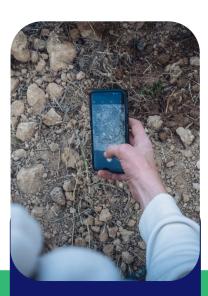

## How to join EU Tree Planting Day?

Register in a Form (available in the website)

Receive your Tagging Link/QR in your email

Tag your Trees during your Event

Send pictures and info about your event

#### Formación de Voluntarios y plantación de Bosque Miyawaki

Jan 13, 300 S

#### We tagged 11 trees! 15 people participated:)

En Life Terra restauramos acosistemos o través de la plantación de árboles. Pero también somos um movimiento ciudadano que busco educar a la gente sabre la importancia de la austenibilidad. Por ella la educación ambiental ciempre ha sido uno de huestros pilates

El posado 13 de enero inquiguramos el Bosque Miyawaki de Las Rosas (Madrid). Para iniciar la rectauración de este terreno urbano degradado, contamos con la ayuda de la Fundación Telibal y Twbol Jardin Estas proprietaciones trabajan con personas con discapacidad pojavica, y les afreces aportunidades de trabajo a través de la lasdinetia. En Life Terra creemas que no hay meior acción que la que bûne impacto cociál y ambiental, y por ello ofecimos una formación a los usuarios y trobajadores de estas organizaciones.

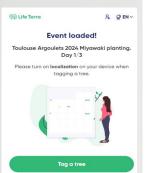

Fae una jornada fantástica dande pudimos ver su motivación, su degrio y sus numerosos. conocimientos sobre las plarnaciones.

#Ruchas gracias a la Fundación Telbal y a Telbal Jastin por su importantelma label!

## About tagging

About the project

Life Terra is a foundation with a mission to enable people to take impactful climate action now. We facilitate tree planting, educate future generations. and develop tree monitoring technology.

Learn more

Life Terra offers both tagging and Event pages via our platform in order to take advantage of its system and avoid big development costs.

Logos of organisation and EU Tree Planting Festival.... will always be shown in the Event Pages.

## Brainstorm

- Press & media support
  - All partners local, regional and national networks
  - How to leverage our efforts
- Any other ideas/thoughts?
