

Innovation awards 2023

I am delighted to welcome you to this new edition of the 2023 Innovation Awards.

The idea is really to improve conditions for users on the ground.

And the product is S1Guard.

This solution will enable the organizing authorities to assess more precisely the impact of their mobility policy.

Thank you, and without a bad pun, I'm convinced it's a game changer.

And the item we received is the Smart Station.

Thank you very much. In fact, I'm very proud to win this special prize.

Behind the project is the whole team.

Stay ahead on our website dedicated to innovation, innovation.keolis.com, and see you at the next edition in 2025. Goodbye.
