*"Your skin  
is your best accessory.  
Take good care of it."*

# Who is a candidate for neck lipo?

- Patients who have a double chin or a neck with excess fat.
- Patients who want to restore or improve jawline definition.
- Patients who want a sculpted lower face profile.

*Neck liposuction usually produces a dramatic change, shaping and refining your neck, chin, and jawline.*

Before/After

Neck lipo quickly became a sought out procedure at our practice.  
We attribute its popularity to several factors:

- The high desire to slim away excess neck fat (the double-chin).
- Quick in-office procedure with local anesthetic.
- Minimum downtime of 3-4 days.

2023

In case you missed it, Dr. Sulyman-Scott was featured in the Aesthetic Guide (November/December 2022) edition discussing the evolution of Thread Lifting.

- The collagen stimulation factor helps to keep your skin looking plump and youthful.
- Threads are safe and FDA cleared. Made with Polydioxanone a flexible absorbable material.
- Results can last up to 2 years.

PDO threads are a Patient Favorite: customizable for both men and women, immediate natural-looking results, pain-less, and for some a lunchtime procedure.

# What's New?

New Movement Alert: "Flaunt That Face," a love note from you to you!

The goal of this movement is to promote self positivity, confidence and appreciation of the beautiful features on your face (head to collar bone).

Every week we will feature a new face highlighting a beautiful feature as seen by the owner of the face.

This would serve as your weekly reminder to look in the mirror and say something nice to yourself about your beautiful face. Remember to be kind to yourself!

I would encourage you all to share, like, comment and participate (openly or quietly). If you'll like your face featured feel free to send us a message. There is no catch... just spreading self-love and appreciation of diverse facial features.

*Don't just take our word for it.  
Read what our patients have to say about  
That Face.*

**Dr. Sulyman and her staff were wonderful. I truly appreciate the kindness and understanding shown to me by everyone at a very stressful time. I walked out knowing I looked and felt better than when I walked in. Everything and everyone was very professional. I would not hesitate to recommend them.**

## Patient Feedback

**Dr. Sulyman-Scott and her team are very personable, attentive, and kind. They made me feel very comfortable and now beautiful. I highly recommend going to that face!**
