## Message Be the Light!

As bright rays of sun reflect off your skin to give a beautiful shimmer, we are reminded of how powerful the reflection of light can be. Even when you can't see the light you can be the light that illuminates the world around you! **-Dr. Sulyman-Scott**

# Buccal Fat Removal: Enhancing Cheek Contour

Do you ever feel like your cheeks are just a bit too full, even when you're at your goal weight? You're not alone. Many individuals struggle with excess fullness in the lower cheek area due to buccal fat pads. These pads, located in the hollows of the cheeks, can contribute to a rounded or chubby appearance that may not align with your desired aesthetic.

Buccal fat removal is a minimally invasive cosmetic surgery designed to address excess cheek fullness by removing part of the buccal fat pad. By carefully sculpting the cheek area, this procedure can create a more contoured, slimmer appearance, enhancing facial harmony and balance.

# Cheek Contouring: Transforming Your Look

The removal of the buccal fat pad can enhance your facial look in a subtle, but dramatic way. Your cheekbones can become more visible, and your facial structure more elegant and refined.

# Non-Surgical Cheek Contouring

Dermal fillers and microneedling with radiofrequency are effective non-surgical options for enhancing facial contours.

Fillers can be strategically placed to create the illusion of reduced buccal fat and more defined cheekbones.

The Vivace treatment, which combines microneedling with radiofrequency (RF) energy, stimulates collagen production and tightens the skin. This can contribute to a more contoured facial appearance and reduce the visibility of buccal fat.

Note: it is important to understand that these treatments will not yield the same dramatic effects as surgical buccal fat removal.

# Skin Care Spotlight

## Ultraceuticals Face & Body Recovery Cream

Non-greasy formula containing a powerful blend of Soy Bean Extract, Tasmanian Berry Extracts and Tocopheryl Phosphates to help moisturise skin after exposure to the sun and environmental stressors.

**For normal, dry, oily, and combination skin types.**

**Product Feedback:** Best post sunburn! As a CQ resident I got completely FRIED yesterday. I applied the cream all over my burned skin last night, woke up this morning and it literally felt like MAGIC. A majority of my redness was gone and my skin felt amazing. Thankyou Ultra!

# Birthday Celebrations and Hidden Surprises!

If you didn't receive a June promotion email, it's not an oversight. We deliberately chose to forgo sending one this month. Instead, we wanted to make our newsletter extra special by including a surprise promotion exclusively for our loyal readers like you.

June is a special month for us here at That Face as we celebrate the birthdays of Dr. Sulyman-Scott and Nurse Taylor! 🎉

In honor of their special days, they've each selected one of their favorite non-surgical treatments to share with you. **Get your treatment between June 17 and June 30 to receive 10% off their chosen treatments!** Mention you found this promo in the newsletter. Exclusions may apply; contact our office for details.

Nurse Taylor's favorite treatment: **1,2,3 Rejuvenate Your Skin** 10% OFF Vivace Treatment (Microneedling with RF).

Dr. Sulyman-Scott's favorite treatment: **Instant Gratification** 10% OFF on either PDO threads or Fillers.
