# Reflecting on 2024, Invigorated for 2025!

As we wrap up an incredible year at That Face Facial Plastic Surgery, we want to take a moment to reflect on the transformations, milestones, and connections we've shared with you in 2024. It's been a privilege to be part of your journey, helping you feel confident and beautiful in your own skin.

This month, we're excited to highlight some of our most popular treatments.

We'll also be exploring how you can help inspire others by sharing your transformation stories.

Here's to a year of growth, gratitude, and glowing results—and to an even brighter 2025.

# Top Surgical Procedure: Neck Liposuction

This year, neck liposuction became the go-to procedure for anyone looking to enhance their profile. This minimally invasive clinic procedure works wonders by removing excess fat from the neck and jawline, giving you a sleeker, more defined look that feels like the best version of you.

Dr. Sulyman-Scott's attention to detail and artistry ensures that every patient gets results that look natural and perfectly in tune with their unique features. Plus, with a quick recovery and results that truly last, it's no wonder neck liposuction has been life-changing for so many.

# Neck Liposuction: My Journey to Confidence

I decided to pursue neck liposuction after realizing that no matter how much I dieted or worked out, my double chin just wouldn't go away. It made me self-conscious, to the point where I avoided photos unless they were taken from a specific angle—and always with a filter.

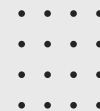

Working at That Face, I'm lucky to see firsthand the incredible patient transformations Dr. Sulyman-Scott achieves, and knowing her exceptional skill and care, I felt confident and ready to take the leap.

I remember the day of my procedure and just thinking this is actually happening, is this how our patients feel? That sense of nervousness but excitement.

# Neck Liposuction: My Journey to Confidence

After the procedure, when Dr. Sulyman-Scott handed me the mirror, I couldn't believe what I saw—I wasn't the same person who walked into the clinic that morning. I was a better version of myself, and I couldn't be more grateful to both Dr. Sulyman-Scott and Taylor, our amazing nurse, for their care and support. Now, I no longer worry about angles or filters when taking photos. Every day, I feel more confident and empowered by my decision.

If you've been considering neck liposuction and have questions, don't hesitate to ask—I'd love to share more about my journey and help you feel just as confident in taking your next step!

# Non-Surgical Option: Dermal Fillers

This year, Dermal filler was the most popular non-surgical treatment and it's no surprise why! It is versatile, perfect for enhancing facial volume, softening fine lines, and contouring features for a more youthful, refreshed appearance.

## **Here are just a few ways dermal fillers can work for you:**

- **Restore Lost Volume:** Fillers can bring back fullness to areas like the cheeks, temples, and under-eyes, helping to reverse signs of aging.
- **Smooth Fine Lines:** Target wrinkles around the mouth, such as smile lines or marionette lines, for a smoother, more rejuvenated appearance.
- **Enhance Lips:** Create fuller, well-defined lips for a natural or bold look tailored to your preferences.
- **Contour Features:** Define and sculpt the jawline, chin, or nose for enhanced facial harmony and structure.

Dr. Sulyman-Scott combines her expert knowledge of facial anatomy with an artistic approach to deliver results that look natural and balanced. Her meticulous attention to detail ensures every treatment enhances your unique features while aligning with your personal goals.

# The Power of Sharing – A New Year's Request

Every transformation tells a story, and your before-and-after photos can inspire others to take the next step on their journey. By giving us permission to share your results, you're helping others see what's possible and make informed, confident decisions about their care.

If you're an established patient and would like to consent to sharing your amazing transformation, please contact us. For new patients, we hope you'll consider allowing us to celebrate your journey and inspire others.

When you allow us to showcase your transformation, you're not just highlighting our work—you're joining a community that empowers others to feel beautiful and confident. As we look ahead to 2025, let's continue making an impact together.

I give consent to the use of my photos and/or video for the following:

- ☐ **Marketing/Advertising purposes-** including but not limited to websites, social media (e.g. Twitter, Instagram, Facebook etc.), brochures, office photo album, news media, television, radio, podcasts
- ☐ **Educational purposes-** including but not limited to medical textbooks, journals, articles, presentations, lectures, conferences
- ☐ **Medical Record only-** patient's medical record and medical care
- ☒ **All of the Above**

# Season to Soar “Home for the Holidays” Raffle Fundraiser.

That Face is proud to highlight an opportunity to give back to underserved communities with Season to Soar for their “Home for the Holidays” Raffle Fundraiser. Founded in 2017, Season to Soar empowers underserved communities by providing resources and opportunities to help individuals achieve their potential despite economic challenges. Their impactful programs focus on youth leadership development, crisis support, and improving the quality of life for families, particularly in Chicago, where 1 in 3 children live in poverty.

## Raffle Highlights

**Grand Prize:** A fully remodeled 3-bedroom, 2-bathroom home or up to \$250,000. The winner can keep the home or list it for sale with 365 Real Estate to cash out its market value of \$250,000.

**Ticket:** \$100 each.
