## HELP US REPLACE OUR PLAYGROUND!

Our existing playground is over 20 years old. We are therefore wanting to replace two old wooden structures with one **Play Tower**. At the Barnstondale Centre we want to encourage children to play in their free time and make use of fun equipment in our Barnstondale led activities. By providing children with a new play area children will have more opportunity to play together, safely, and creatively whilst making genuine friendships.

Barnstondale's current playground.

New Play Tower replacement.

We are fundraising to cover the total cost of the project, which is **£18,495.00**.

## HELP US INSTALL AN INCLUSIVE INTERACTIVE PROJECTOR IN OUR SPECIALIST DISABILITY CABIN, MEADOW.

At Barnstondale there are always wet and windy days, darkened cold evenings and every child has not so good days. For our specialist cabin meadow, where most of our children with additional needs stay, we would like to install a **Budii Projector**. This system will stimulate

children's sensors, give them an opportunity to have some downtime individually or with their friends. This projector system has a variety of games and sensory stimulating activities for all children to enjoy. It also brings children with mixed abilities together and will be a great resource for one-to-one support, parents, and teachers to use to calm children who may find new environments or routines difficult to adjust to. The total cost of this project with installation is **£4,254.00**.

### CREATING A HOME FROM HOME FEEL.

Your support will help us create a chill out space for our visiting children so they can enjoy spending time together of an evening, on the rainy days and on the not so good days. This project will help us put **soft furnishings, cinema screens and projectors** in each of our communal hall spaces in each cabin. For 74% of children, it's their first stay away from home. After a long day of activities and marshmallows by the fire we would love to set up movies, extra activities and create cosy spaces for children to make the most of their stay away with friends.

We're lucky to have recently had a Wii FIT donated to us too, so the competitions on all day long! The total cost of this installation in each of our cabins is £2000.00 each. We have 3 cabins on our site, we therefore need your support in fundraising **£6000.00** before this project can go ahead.

### AIR HOCKEY FREE PLAY.

Of an evening children and young people are given time to spend in our conference room. To help improve hand-eye coordination and reflexes we would like to encourage children to be more active in their free time and continue building on relationships made in their daytime activities. Air hockey is great for an all-around workout and can help with stress relief and mental focus.

## TEE IT UP!

Help us add to the equipment in our sports hall. For the darkened evenings, wet weather days, or sunshine days on the MUGA, we would like to purchase this mobile golf equipment to strengthen children and young people's hand-eye coordination, balance, and physical depth perception. Golf is a great way to improve gross-motor skills, eliminate self-doubt, plus it will introduce some healthy competition and a whole lot of fun! The total cost of supporting this project is **£2999.00**.

## HELP BRIGHTEN OUR PLAY.

Sensory play encourages learning through exploration, curiosity, problem solving and creativity. It helps to build nerve connections in the brain and encourages the development of language and motor skills.

Sensory gardens can benefit people of all ages and abilities and support a healthy environment. Our sensory garden is our most favoured play time space, but it does need a bit of a spruce. We want our sensory garden to be vibrant and colourful. To replace elements that have aged and are beyond repair we are hoping to gain some support to purchase the following,

Rock Paper Scissors Play Panel  
**£375.00**

Formula Racing Play Panel

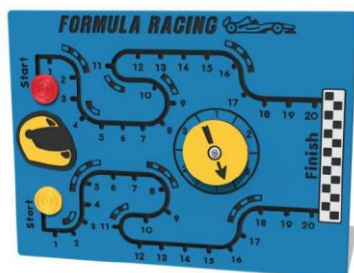

**YOUR LOCAL INCLUSIVE CHILDREN'S CHARITY**

**ADVENTURE THAT SPARKS SOMETHING MORE!**

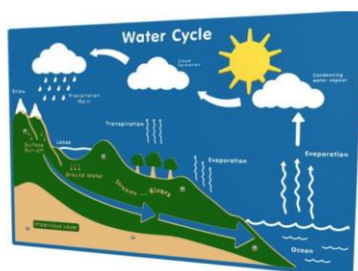

**WWW.BARNSTONDALE.ORG**

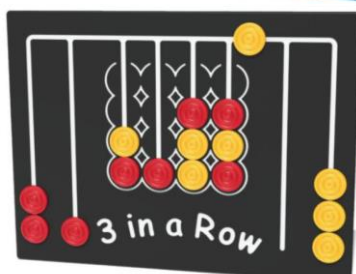

**£325.00**

Maze Battle Play Panel  
**£485.00**

Water Cycle Play Panel  
**£445.00**

3 In A Row Play Panel  
**£315.00**

We understand that these projects come at a large cost, we do however know they will add a great deal of value the children's stay with us. Any contribution to these projects, no matter how

**ADVENTURE THAT SPARKS SOMETHING MORE!**

**[WWW.BARNSTONDALE.ORG](http://WWW.BARNSTONDALE.ORG)**

big or small, will get us one step closer transforming our space to a conducive environment where memories will be made with the next generation of children.

In addition to the projects stated above, we are raising funds to support 1500 disadvantaged children that have applied for support from our Bursary Scheme in 2024.

We are also keen to gain some support to provide waterproofs for children who don't have seasonal essential clothing or footwear such as waterproofs, wellies, or sunhats for their visit.

If you would like to talk about how you can help us fundraise for either of the above, please get in touch. Thank you for your time and kind consideration.
