A short synopsis Conception on A4

1. Archimedes : Successfully drill into a wormhole at some time, In a tip of pinkie to measure the precise behavior of suitable volume of sesame oil, salt, garlic, onions which in an earthenware bowl, Even when all of the variables superimposed combination, it will not go beyond a pinkie tip's thinking—the last ethereal experience on hot pot.

2. Aeon :By 2050, large fish in the ocean about to disappear, the spread of the desert landscape processes, such as giant trees cactus bush, probably in the year 2100 moved into or out of the California desert southwest pieces.

3. Aristoteles: The mercury spilled in the ground, the mercury spilled in the ground, the mercury spilled in the ground. Equilibrium is death, Boggs said.

4. Adolf: In one die any state. Indonesia massacre, Tibet, social nausea? Ready access to anarchy. Once freedom is wasted, it becomes useless. This is related to "solve" the word aesthetics.

Background: when playing Concerto in A major. In a abalone slaughterhouse, there is nothing more exciting than the realization of a utopia.

一部关于 A4 的短剧本大纲构想

1. Archimedes (阿基米德): 在一个时间点从虫洞成功钻入, 我会在虫洞的另一端以小指尖的精确行为度量一个土陶碗里香油、盐、大蒜、葱的合适体积, 即使当所有的变数叠加组合, 也不会擅自逾越一个小指尖的思想——最后一次关于火锅的空灵体验。

2. Aeon (万古): 到 2050 年, 海洋中大型鱼类即将消失, 沙漠景观的蔓延过程, 比如巨树仙人掌丛林, 可能在 2100 年内迁进或迁出加州西南部小块沙漠地带。

3. Aristoteles (亚里士多德): 将水银泻地, 将水银泻地, 将水银泻地, 均衡即死亡, 博格斯如是说。

4. Adolf (阿道夫希特勒): 随时死亡状, 印尼大屠杀、西藏, 社会恶心吗? 随时进入无政府状态, 自由一旦被浪费, 就成了无用的东西。这事关“解决”二字背后的美学。

背景: 在 A 大调协奏曲播放的同时, 在一个鲍鱼屠宰场, 没有什么比实现乌托邦更令人兴奋的
了。
