NEW RELEASES

dLux media arts [www.dLux.org.au] is a dynamic organisation dedicated to furthering innovative and experimental screen culture. dLux media arts is delighted to present in association with Gallery 4A and the Art Gallery of New South Wales, **New Releases**, an international survey of original video works orbiting in from over 17 countries curated by Emil Goh. Emil recently returned to Australia from Europe, inspired and armed with works on tape from emerging artists worldwide. Works which encompass animation, non-narrative, narrative, social-documentary, series excerpts and more. **New Releases** is an occasion to experience 30 recent works by 33 artists in an off the shelf Video Ezy fashion. dLux media arts would like to express its appreciation to Emil Goh for creating a vigorous exhibition of fresh young talent and to Gallery 4A and AGNSW for their generous support of **New Releases**. **LEAH GRZYCEWICZ & PANOS COUROS** dLux MEDIA ARTS

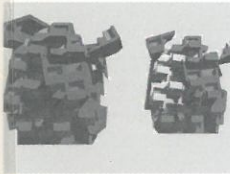

Living in Europe for the last 3 years has refreshed my love for video art. It was an amazing experience to have been exposed to so many fresh approaches to the medium especially by young artists from all over the world. **New Releases** was conceived as a project to introduce the Australian audience to the various forms of current video art practice by these relatively new artists. Although many have shown extensively in Europe, for most this will be the first time their work will be shown outside that continent. I would like to thank dLux media arts for producing **New Releases** and Gallery4A and the AGNSW for supporting this project with great warmth and enthusiasm. **EMIL GOH** CURATOR, **NEW RELEASES**
