

BELGIAN MOBILE ID FOR ITSME®

Rue de Marquis 1
1000 Brussel

Has been found in compliance with requirements of
EN ISO/IEC 27001:2017 for the following scope

Statement of applicability

version 4.0, dated January 1, 2023.

The scope of the Belgian Mobile ID ISMS applies to the provision of its core itsme® services to customers and end-users, i.e. the enrolment, identification, authentication, confirmation and signature services.

The scope includes staff, assets, data centers and suppliers that support these services, independent of their physical location.
