

MAGMUTUAL®

# 2022 FINANCIAL REPORT

## THE MAGMUTUAL DIFFERENCE

While the healthcare environment is constantly changing, our core precepts remain the same. The first and most important of those principles: we always put our PolicyOwners first.

In doing so, we've evolved into much more than a medical professional liability insurer. We look at risk from every angle to offer comprehensive coverage, revolutionary advice and unmatched support – the kind that delivers all-around protection to healthcare providers.

Those principles and products drive industry-leading growth for MagMutual. 2022 brought increases in our written premium, net income and assets.<sup>1</sup> And we once again paid our PolicyOwners best-in-class financial rewards, including dividends for 23 years and counting.<sup>2</sup>

Our success means we can support policyholders both financially and with innovative insurance products for years to come. Our experts do their work so healthcare providers and organizations can focus on theirs: delivering excellent patient care. The result? Better outcomes, stronger PolicyOwners – and continued positive financial results for MagMutual.
