

We are looking for a

LEAD BUYER

Neuman Aluminium Components s.r.o. | Zarnovica

What your role will be

- Responsibility for operational and strategic procurement, primarily for indirect materials and services
- Obtaining and comparing supplier quotations as well as conducting price and contract negotiations
- Creating and placing purchase orders on time, including monitoring prices, order confirmations, and delivery dates
- Transparent and traceable selection, evaluation, and management of suppliers
- Identification and implementation of cost-saving and standardization opportunities
- Consistent compliance with procurement policies, approval processes, and compliance requirements
- Acting as the central procurement contact at our Zarnovica plant and closely coordinating with Group Procurement
- Regular reporting on savings, payment terms, purchase order volumes, and ongoing projects

Who we are looking for

- Completed commercial and/or technical education
- Several years of procurement experience, ideally in an industrial environment
- Experience in indirect procurement and operational purchasing
- Good Slovak and English skills; German is an advantage
- Strong negotiation, analytical and communication skills
- Structured, independent, and reliable working style
- High level of integrity, responsibility, and cost awareness

Wage (gross) 2 450 – 2 650 EUR/month. The basic gross salary depends on the candidate's practical skills and experience.
