

OPEN CALL FOR **SUPPORT ORGANIZATIONS**

Access to Finance component of the Project “Serbia Innovates”, supported by USAID, launches the call for partnership for startup supporting organizations (incubators, accelerators, startup hubs, grant/matching finance providers, science & technology parks, business angels networks, etc.) for 2024.

ABOUT THE PROJECT

With the support of United States Agency for International Development (USAID), ICT Hub has launched the Serbia Innovates project. The aim of this project is to identify the most promising Serbian domains of innovation and facilitate the introduction and expansion of new economic models. The ultimate goal is to enhance the traditional economy, influence the creation of an innovation-driven economy, create new possibilities and opportunities for its strengthening, and stimulate development, competitiveness, and export potential.

ABOUT THE OPEN CALL

Our team offers partnership to all supporting institutions in organizing trainings for grant/matching financing applicants, promotion of grant/matching financing programs, etc. in order to achieve synergetic effect.

Also, we provide to startup companies trainings and workshops on relevant topics (competition overview, business and financial modelling, valuation and legal aspects of external financing, etc.).

Our team is supporting startups in creating pitch decks and connect them with potential investors: venture capital funds, Business Angels, etc. Finally, we offer tailor made consultancy during the transaction execution on important aspects such as legal support, due diligence, corporate governance, etc.

All interested institutions are welcome to approach us via email address: slobodan.zebic@srbijainovira.rs. Deadline for application for support that is planned for next quarter of business year is the 15th day of the month that precedes the next quarter (e.g., December 15th 2023 for support needed in Q1 of 2024).
