

FINANCIAL EXPERT

The Serbia Innovates project is currently seeking temporary Financial Expert to provide support to various stakeholders in processes connected with accessing to external financing of innovative startup companies, including but not limited to various investors, innovative startup companies, and supportive organizations.

ABOUT THE PROJECT

With the support of United States Agency for International Development (USAID), ICT Hub has launched the Serbia Innovates project. The aim of this project is to identify the most promising Serbian domains of innovation and facilitate the introduction and expansion of new economic models. The ultimate goal is to enhance the traditional economy, influence the creation of an innovation-driven economy, create new possibilities and opportunities for its strengthening, and stimulate development, competitiveness, and export potential.

ROLE DESCRIPTION

Within this role, you're expected to:

- Conduct an analysis of the ability and willingness of Serbian innovative companies to attract funds, providing advice on the most appropriate financing options for the current stage of startup development.
- Provide support to innovative companies in the process of accessing finances by offering training and education to startups, as well as drafting financial models and providing indicative valuations.
- Provide support in organizing the "Academy for Investors". The "Academy for Investors" is intended for individuals who plan to make investments in the minimum amount of EUR 50k in the next 5 years, as well as for individuals who want to take advantage of tax incentives through investing.
- Drafting the short report with main conclusions and recommendations which will be used as the guideline for next assignments in this area.

REQUIREMENTS

We're looking for consultants who:

- Holds bachelor's degree in finance, business, or a related field. Advanced degree or relevant certifications preferred.
- Demonstrates experience in financial analysis, fundraising, and venture capital.
- Has experience in Fundraising Strategy Development.
- Shows strong Analytical and Advisory Skills.
- Has excellent written and verbal communication skills.
- Has ability to convey complex financial information in a clear and understandable manner.
