

PLASTICS REDUCTION PROGRAM

7 ways MSC Cruises is phasing out single-use plastics

1

single-use plastic

100% biodegradable and compostable

2

disposable restaurant items

100% reusable or biodegradable alternatives

3

plastic bags

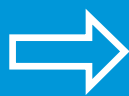

paper bags

4

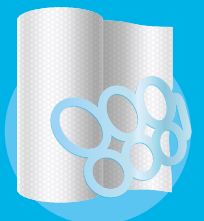

single-serving food items

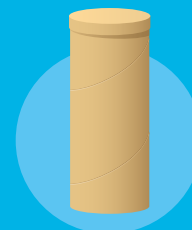

sustainable single portions

5

plastic packaging

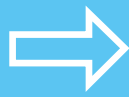

sustainable packaging

6

supply chain

more sustainable supply chain

7

non-recyclable plastic items

certified recycling

Target date to eliminate or replace virtually all single-use plastics
