

Design and Technology

Job overview

Qualifications:

- A certified teaching qualification with exceptional subject knowledge in DT. BEd or Bachelor's degree with PGCE / PGDE or equivalent/QTS.
- A minimum of 2 years' experience in a similar role.
- Excellent communication skills for effective interaction with students, parents, and staff. Advanced or native-level proficiency in English.
- Experience with the IGCSE and/or International Baccalaureate MYP/DP is desirable.
- Experience working in an international school setting is a plus.

Job role:

- Skills and understanding to teach DT up to and including IGCSE at KS4 and IB at KS5 (from August 2025), IB experience desirable but not essential.
- Experience with high-quality teaching and learning.
- Deliver excellent teaching and learning; collaborating and sharing best practice.
- Be creative and enthusiastic in approach to teaching.
- Be committed to the safeguarding of, and the personal and social development of learners.
- Work effectively with colleagues, learners and parents using excellent interpersonal skills.
- Make a positive contribution to our school community and culture through active engagement and possibly in our extra-curricular programme and community based events.

About North Zealand International School:

North Zealand International School (NIS) is a part of NGG – Nordsjællands Grundskole and Gymnasium - a private independent school with 1300 learners in total and approximately 400 learners from 60 different countries in the international school. We have learners from Early Years up to Year 11 and we plan to teach IBDP from August 2025. We offer a dynamic, international learning and teaching environment where both international and Danish traditions are both highly valued.

Our new purpose-built school building is currently being constructed next to our current buildings. The plan is to move to the new school in 2025.

Job type: part time, permanent
