IB DIPLOMA PROGRAMME - INITIAL SUBJECT CHOICES

This form serves as an indication of interest in continuing with the IB Diploma Programme at NIS, and the subjects that the signatories would wish to take in Year 12/Year 13. While the subject choices are tentative and potentially subject to change, it will help us with scheduling and other preparations for next school year.

We recommend to schedule a meeting with Diploma Programme Coordinator, Chris Boerman (cbo@nis-ngg.dk), in January to talk through your considerations and to discuss in detail which subjects would match best with your future ambitions.

In selecting the subjects, please note the following:

- Students should select 3 Higher Level (HL) subjects and 3 Standard Level (SL) subjects (= 6 in total)
- Subject choices can be discussed in individual meetings with the Diploma Programme coordinator in January
- Subjects choices will be confirmed with families before the Summer break
- Students can change subjects up until September 1st in the first year of the Diploma Programme
- Not all subject combinations may be available due to timetable constraints

Subject specific notes:

- Bilingual students (students with fluency or near-fluency in two Language A subjects) can decide to replace a Group 2 subject with another subject in Group 1)
- Danish A Literature (HL and SL) and Danish B (HL) meet Danish university entry requirements
- Humanities and Social Science-degrees in Danish universities often require a student to have taken History (HL or SL) in the IB Diploma Programme
- Environmental Systems and Societies can be both chosen as a Group 3 (Individuals and Societies) or a Group 4 (Sciences) subject
- Students can replace their Group 6 subject with another subject in Groups 1-4, for instance to take two science subjects

Submitting this form will also be considered as a statement of intent to continue with the Diploma Programme at NIS next year.
