

Exciting Opportunity: Secondary Science Teacher (IMYC and IGCSE)

North Zealand International School

North Zealand International School, a school committed to academic excellence and holistic learning, is seeking a passionate and dedicated Science teacher to join our dynamic team.

This is an exciting opportunity for a candidate who is enthusiastic about fostering a love for Science and guiding learners across the secondary age range. The successful candidate will join a dedicated and collaborative team of Science teachers across both the International and Danish departments.

Job Role

The successful candidate will:

- Deliver high-quality Science instruction in accordance with the IMYC and IGCSE curricula
- Plan and deliver engaging lessons and assessments that promote inquiry, critical thinking and scientific understanding
- Foster a positive learning environment that encourages curiosity, collaboration and problem-solving
- Support learners in developing practical, analytical, and investigative skills across the sciences
- Collaborate with colleagues to enhance the Science curriculum and share best practice
- Provide regular and constructive feedback to support student progress and achievement
- Prepare learners effectively for IGCSE assessments, coursework and examinations
- Engage positively with parents and the wider school community
- Demonstrate creativity and enthusiasm in teaching and learning
- Be committed to safeguarding and to the personal and social development of learners
- Contribute actively to the wider life of the school through extracurricular activities and community events

Qualifications

The ideal candidate will:

- Be a fully qualified Science teacher with at least 2 years of teaching experience
- Hold a relevant degree in Science or a related field such as Biology, Chemistry, or Physics
- Hold a Master's degree in a relevant subject area is highly desirable
- Have experience teaching IMYC, MYP and IGCSE programmes is preferred
- Have strong subject knowledge and a proven track record of improving learner outcomes in Science
- Be experienced in differentiating instruction to support diverse learners
- Demonstrate proficiency in using technology to enhance teaching and learning
- Possess strong communication and interpersonal skills
- Be able to inspire and motivate learners
- Show commitment to continuous professional development
- Have experience working in an international school setting is desirable

What We Offer

- The opportunity to contribute to the continued development of our IMYC and IGCSE programmes
- A brand-new, purpose-built, state-of-the-art school building
- A supportive and collaborative team of dedicated professionals
- Excellent work-life balance in Denmark's family-friendly environment
- Ongoing professional development and training opportunities

About Us

North Zealand International School is a private independent international school with 400 learners from 70 different countries. North Zealand International School is part of NGG – Nordsjællands Grundskole and Gymnasium. We have learners from Early Years up to Year 12. Currently, we teach the International Early Years Curriculum (IEYC), International Primary Curriculum (IPC), International Middle Years Curriculum (IMYC), IGCSE and the IB Diploma Programme (IBDP).

Our Shared Vision of 'NIS learners actively engage in shaping their own learning, continually aiming to be respectful, responsible, globally-minded lifelong learners' is lived and breathed throughout the school. We offer a dynamic, international learning and teaching environment where both international and Danish traditions are both highly valued. NIS is at the forefront of educational research with NIS being one of only handful of schools in Europe to be accredited by the International Curriculum Association.

Teachers who are committed to change, want to further their educational journey and above all and are dedicated to improving learning will love the positive school culture here at NIS.

We moved into our brand-new purpose-built school in the winter of 2025. Designed specifically to support our vision and future ambitions, the new campus provides the ideal environment for learning, development and community.

Please send a CV and cover letter for the role to job@nis-ngg.dk.

Submit your application no later than 1st June 2026.

The school will review applications as they are received and may appoint before the deadline has passed. We therefore encourage you to submit your applications early. Shortlisted candidates will be invited to visit the school.
