

Computer Science teacher

Application deadline: 18th of June 2026

North Zealand International School, a school committed to academic excellence and holistic learning, is seeking a passionate and dedicated Computer Science teacher to join our dynamic team. This is an exciting opportunity for any candidate who is enthusiastic about developing our learners' digital literacy and computational thinking skills across our Secondary school.

Depending on qualifications and experience, the successful candidate will teach in the IB Diploma Programme and/or IGCSE courses. We welcome applications from teachers with experience in either level. In addition to teaching responsibilities, further roles and responsibilities may be included in the position offered, depending on the candidate's background and strengths.

Employment start is the 1st of August 2026.

Job Role

- Deliver high-quality Computer Science teaching across our Secondary school, including the IGCSE and/or IB Diploma Programme curriculum, according to teaching allocation
- Plan and deliver engaging lessons and assessments that develop students' computational thinking, programming skills, and digital literacy, meeting the needs of diverse learners
- Foster a positive and inclusive learning environment that promotes problem-solving, creativity, logical reasoning, and innovation in computing
- Collaborate with colleagues to develop the Computer Science curriculum and share best practice within and across subject departments
- Monitor student progress and provide regular feedback to support academic achievement and personal growth
- Prepare students effectively for IGCSE and/or IB Diploma Programme Computer Science examinations, as appropriate to the role
- Build positive relationships with parents and the wider school community to support student success and engagement in Computer Science
- Demonstrate creativity, enthusiasm, and a passion for Computer Science teaching and learning, with a commitment to ongoing professional growth, reflective practice, and openness to feedback
- Uphold the school's safeguarding expectations and support the personal, social, and emotional development of students

Qualifications

- A certified teaching qualification with exceptional subject knowledge in Computer Science / ICT (i.e. B.Ed or Bachelor's degree with PGCE / PGDE or equivalent / QTS)
- A degree in Computer Science, Information Technology, Software Engineering, or a closely related subject is required for teaching IB Diploma Programme Computer Science; for IGCSE teaching, a relevant degree with strong subject knowledge in Computer Science is required
- Teaching experience with IGCSE and/or IB Diploma Programme Computer Science, or equivalent level, is highly desirable
- Strong subject knowledge in areas such as programming, algorithms, data structures, and systems
- Robust knowledge, understanding, and track record of improving student learning outcomes in Computer Science
- Proficiency in using technology and programming tools to enhance teaching and learning
- Experience with differentiated instruction and assessment strategies in a practical, skills-based subject
- Strong communication and interpersonal skills
- Ability to inspire and motivate learners in computational thinking and problem-solving
- Commitment to continuous professional development, particularly in evolving areas of Computer Science education
- Experience working in an international school setting is a plus

What We Offer

- Opportunity to play a key role in helping us consolidate and further develop a strong Computer Science department
- Generous mentoring and support for new staff
- Brand-new state-of-the-art school building (January 2026)
- Exceptional colleagues - become a part of a team of dedicated, supportive and friendly professionals
- Excellent work-life
- Ongoing professional development and training in the IMYC, IGCSE and/or IB framework

About Us

North Zealand International School (NIS) is a private, independent international school with almost 450 learners from 60 different countries. North Zealand International School is part of NGG – Nordsjællands Grundskole and Gymnasium.

We have learners from Early Years up to including the Diploma Programme. Currently, we teach the International Early Years Curriculum (IEYC), International Primary Curriculum (IPC), International Middle Years Curriculum (IMYC), IGCSE and, since August 2025, the IB Diploma Programme.

Our Shared Vision of 'NIS learners actively engage in shaping their own learning, continually aiming to be respectful, responsible, globally-minded lifelong learners' is lived and breathed throughout the school. We offer a dynamic, international learning and teaching environment where both international and Danish traditions are both highly valued. NIS is at the forefront of educational research with NIS being one of only handful of school in Europe to be ICA accredited.

Teachers who are committed to change, want to further their educational journey and above all, are dedicated to improving learning will love the positive school culture here at NIS.

We have recently (January 2026) moved into new, purpose-built premises, with state-of-the art labs and classroom facilities, including smartboards in each classroom, as well as smart ventilation and light systems.

Note

The school will review applications as they are received and may appoint before the deadline has passed. We therefore encourage you to submit your applications early.

Please send a CV and cover letter for the role to job@nis-ngg.dk.
