Important measurement tips.
1. Get help from someone to take your measurements.
2. Take measurements dressed in body-tight underwear.
3. Measure tight against/around your body, but without the measuring tape being pulled so hard that it "cuts" in.
4. When measuring the inside leg, make sure the measuring tape is firmly extended.

Getting the right size.
1. Choose the right size chart below.
2. Look for your body measurements in the chart and choose the corresponding size.
3. To ensure an optimal fit — try them on for real!

All measurements are body measurements.
