### Do You Hear That?

That's the sound of Pastor Holly bringing a WORD to us in week four of *Essentials!*

We get to help a generation of teenagers learn to hear

we get to help a generation of teenagers learn to hear the whisper of God this week. This spiritual discipline will pay dividends for decades to come — learning how to hear from God at the age of 15 is something you continue to reap the benefits of at age 55. What you're doing this week in eGroup matters!

We believe God is going to speak and we're listening!

*P.S. Don't forget to submit attendance when you get texted the link after your eGroup! Remember Gina and AJ's session from Leader Advance? This simple step helps us so much!*
