

JOHN CURRAN

John is an experienced senior executive and former CEO, with a deep interest in the practice of leadership and developing leadership skills within others.

As an experienced leader, John has a proven track record for developing strong working relationships with clients and developing and implementing business strategy and solutions, at strategic and operational levels.

John is a fitness fanatic, who enjoys the challenges of triathlon training and in recent years participating at various parkrun events in Australia and overseas.

Other interests include travel, racehorse ownership and improving poor skiing technique!

TESTIMONIALS

“Working with John provided the discipline and time to explore issues that required more than the 5 minutes I usually gave them”

- IT SPECIALIST

“John’s coaching helped me reflect on my career and become clear on what fits my career appetite and that I feel ok to make those changes”

- BANKING & FINANCE EXECUTIVE

COACHING EXPERIENCE

John’s coaching experience includes working with individuals at varying career stages seeking behavioural change, performance enhancement, skill development, career advancement and leadership capability enhancement. With an ability to communicate issues in a simple manner, John frequently presents to industry groups, elected officials and senior client management groups.

COACHING STYLE AND APPROACH

John’s approach to coaching focuses initially on creating a collaborative conversational space emphasizing the importance of developing trust and a non-judgmental exchange between coach and counterpart. Establishing this platform is an important step to enable discovery, learning, performance possibilities and growth.

While John’s coaching is influenced by an outcomes approach, each engagement is different and as such, additional approaches and styles that best suit the counterpart are considered.

BUSINESS EXPERIENCE

John’s professional career spans approximately 40 years. With an early background in accounting, he is experienced in the areas of financial sustainability, debt structuring and interest rate risk management. John also has extensive experience in developing teams and managing client relationships.

As chief executive of an infrastructure services company, John has experience working at board and operational level, developing, and implementing strategies designed to grow client loyalty and business sustainability.

John has added to his deep interest in leadership theory and practice by completing a Masters in Business Leadership.
