

Save Soil is a global movement launched by Sadhguru to save soil from extinction, and bring the necessary policies to address the catastrophic issue facing humanity.

Soil Degradation - A Global Issue

52% of the world's agricultural soil has already degraded

SaveSoil.org

Save Soil
aims to:

Increase organic
content in soil to a
minimum of 3-6%

To effect this change we need to:
**Advocate for policies across all
nations towards soil restoration**

**Raise awareness of this imminent
crisis among 3.5 billion people to
garner their support for these policies**
