

## BEFORE AND AFTER

Amanda Lindsey Cook, Jason Ingram, Steven Furtick

CCLI: #7171584

### VERSE 1

I'm a picture of Your faithfulness  
I'm a miracle in process  
God I never would have guessed  
That You were working in the darkness

### CHORUS

Oh  
This is my before and after  
Oh  
There's a new light in my eyes  
Oh  
Some things the camera can't capture  
Oh  
I was dead now I'm alive

### VERSE 2

You taught my heart to beat again  
When everything felt lifeless  
You lifted me up from the depths  
And You gave me back my purpose

### CHORUS

### BRIDGE

From the ashes you make beautiful things  
I know cause you did it in me  
From the ashes you make beautiful things  
I know cause you did it in me

### TAG

I thought it was over  
I thought it was done  
But you always have the last word  
And the last word is love
