VERSE 1

I've been surrounded by it all
Looking for good in all the wrong places
I never felt like I belonged
And I was tired of wearing two faces

PRE-CHORUS

But now I'm alive
Loving the feeling I'm feeling inside
I got a new life
Praying to God that He help me survive
So imma do me
Finally feel like I'm really free
This type of love is what you need

CHORUS

Aqui esta la fiesta
So here I am aquí estoy
Aqui esta la fiesta
So here I am aquí estoy

VERSE 2

Aqui esta la fiesta
Yeah it's a party time to go up
There's room for everybody so let's show up
And don't delay there is no hold up, hold up

PRE-CHORUS 2

And now I'm living life in a new way
Devil tried to get me but it's too late
They said that they like the we party
I said "muchas gracias, we just getting started"
