VERSE 1

God I know that what You promise
Will be better than I thought
You will finish what You started
Resurrection is who You are, who You are

PRE-CHORUS (4x)

PRE-CHORUS

We're not three days away from an empty grave

CHORUS

Another stone is rolling in the room right now
Is it you right now
A new you right now
Another stone is rolling in the room right now
Is it you right now
A new you right now
Another stone is rolling

VERSE 2

Jesus come and move in power
Miracles are what You do
If you said it I expect it
It's an easy thing for You, for You

PRE-CHORUS

CHORUS (2x)

BRIDGE (4x)

If you're looking for the stone
It was rolled away
If you're looking for the old me
It's long gone
No I'm not the same

CHORUS (2x)

VAMP (6x)

The grave is still empty
The Savior lives in me
