VERSE 1

When I praise Your Name
My problems look small
Cause if it's Your fight
This giant will fall

Ten thousand battles
You win them all
When I praise Your Name
My problems look small

CHORUS

Cause when You say 'Mountains move'
They do, they do
When You speak to the sea
It breaks in two

TAG

What I call impossible is easy for You
What I call impossible is easy for You

VERSE 2

My weapon is worship
And it's gonna win
The Lion of Judah
Is roaring again
The One who is for me
Is more than those against
My weapon is worship
And it's gonna win

CHORUS

What's a stone, what's a stone to a Stone Roller
What's a grave, what's a grave to a God who's greater
