VERSE 1

I've searched high and low
I've never found a love that's better
So where else could I go?
Your words will last forever

PRE CHORUS

You're the Way You're the Truth
The Life that I choose
And nothing's gonna take You away
My Light in the dark the King of my heart

CHORUS

I just wanna sing of Your love
I just gotta sing of Your love
Your promises were proven in blood
You said it is done and that's more than enough
I just wanna sing of Your love

VERSE 2

You thought of me on Calvary
Even though I did not deserve it
You set me free, so I'm free indeed
Now I'm walking in greater purpose

PRE CHORUS

CHORUS

INSTRUMENTAL

BRIDGE (2x)

I got a million reasons
I shouldn't even be here
But I'm alive and breathing
It's all because of Jesus

CHORUS 2

BRIDGE (2x)
