## VERSE

Here is where I come to say I love You  
Here is where I come to say I need You  
Who is like the Lord in all the heavens  
Who is like the Lord in all the earth

Here is where I come to bow down  
Here is where I come to say You're beautiful  
Who is like the Lord in all the heavens  
Who is like the Lord in all the earth

## CHORUS

I'll worship You forever and ever  
I'll worship You forever and ever  
Til my lungs run out of breath  
And then even after death  
I'll be singing You a love song with all I have  
I'll worship You forever and ever  
I'll worship all my days

## VERSE

## CHORUS

## BRIDGE (2x)

I don't need a thing  
I couldn't ask for more  
If I have seen Your face  
I've got all I want

So put me at Your feet  
And tune the whole world out  
You know where I'll be  
In my Father's house

## TAG

In my Father's house  
In my Father's house

## CHORUS
