

## Mission

Provide metals and associated services in all of the markets we operate in.

## Vision

Recognised as a World-class buyer and provider of metal across our markets. Become essential to our customers by combining the capabilities of our global network to reach unprecedented levels of performance for all customers. Utilise the power of our combined metals platform to supply and support those in need, everywhere.

## Values

**Ethics** - To act ethically in all that we do

**Safety** - Provide a safe work environment and end product

**Agility** - Delight customers with consistent high-performance in all opportunities

**People** - Our greatest asset is our people, we trust and invest in them

**Quality** - Embrace standards and strive for perfection in everything that we do

**Leadership** - Everyone is a leader, inspire others

Together we are stronger
