

FLEXIBILITY
THAT GIVES
YOU WINGS.

Your specialised supplier
of semi-finished metal
products for the aerospace
industry.

A man in a blue polo shirt and safety glasses is working in a factory. He is wearing a grey work glove and is focused on a task. The background shows industrial equipment and a red wall.

WHETHER SINGLE
PART OR MULTI-YEAR
CONTRACTS...

„WITH SCA AS YOUR
STRATEGIC PARTNER, WE GIVE
YOU THE FLEXIBILITY TO
ADAPT TO THE DEMANDS
OF AN EVER-CHANGING
MARKET.“

Sébastien Berthoud, Managing Director, SCA

WE BRING LIGHT METALS INTO THE AIR.

Take off with Service Centres Aero (SCA): We specialise in the distribution of semi-finished products made of aluminium and light alloys for the aerospace industry.

But SCA is not only a distributor but also a manufacturer - in many cases we can even cover the entire chain from Tier 4 to Tier 1.

For more than 30 years, SCA has been responding with flexibility to the market and will respond to your individual requirements, regardless of size.

Wherever you are in
the supply chain,
SCA can support you.

WHAT SHOULD
BE IN THE AIR,
WE HAVE IN
STOCK.

We have a complete product range of Aluminium, titanium and steel in sheet, plate, profile and rod form at all of our locations. We purchase our products exclusively from certified and qualified manufacturers.

Aluminium

Plate

2024 bare T351, 2050 T84, 2124 T851, 2219 T851, 5086 H111, 6061 T651, 7010 T7451, 7040 T7451, 7050 T7451 / T7651, 7075-7175 T7451, 7475 T7351, 2618A T851

Sheet

1050A H24 / 2024 bare O / T3 / T351 / T4, 2024 clad F / O / T3 / T351 / T4, 2219 O / T31, 2524 clad T3 / T351, 5086 H111, 6061 O / T4, 7075 bare O / T6 / T73, 7075 clad T6, 7475 clad O / T761

Extrusion, Bar and Tube

2017A F, 2618A F / T8 / T851 / T8511, 2024 bare F / T3 / T351 / T3510 / T3511, 2214 F, 5086 H111, 6061 T6, 7050 T7451 / T74511 / T76511, 7075 F / T6 / T7351 / T73511, 7175 F / T73 / T7350 / T73511

Stainless Steel

15-5PH H1025 / H1050 / H1100 / H1150 / H925 / HARDEN / STPH, 13-8PH H1000 / HARDEN, 15CDV6 T1100, 30NCD1 T1100 / T1230, 35NCD1 T1230, 35NC6 T900, Z6NCT2 T960

Titanium

TA6V O / Annealed, T40 / Annealed TU2, T60

In order to minimise the use of materials, we offer you specific cutting and machining services. Our extensive range of machines for sawing, contour sawing, milling, drilling and surface finishing enables us to meet your exact requirements, to respond precisely to your wishes.

- **10 plate saws:**
Tolerances of +/- 0.5 mm, max. thickness 220 mm, max. length 4.5 m
- **3 CNC machines::**
drilling, threading, milling
- **1 CNC contour saw:**
for shaped parts, tolerances of +/- 1 mm
- **3 extrusion saws:**
diameter 400 mm
- **2 plate saws and 3 extrusion saws:**
for titanium and steel
- **2 guillotines:**
for plates up to 8 mm thick
- **1 Faro measuring arm:**
tolerances of 0.02 mm
- **Programming system:**
CAD SolidWorks / CAM SolidCAM

MINIMUM USE OF
MATERIALS - MAXIMUM
EFFECTIVENESS.

QUALITY AT THE HIGHEST LEVEL.

Quality requirements with letter and seal: Our warehouse in Remshalden near Stuttgart (Germany) is certified according to **EN 9100 + 9120** and **ISO 45001 + 14001 + 9001**. The sites in Nantes and Noyelles-lès- Seclin (France) are certified according to **EN 9120 + 9100** and **ISO 9001**.

SCA is committed to ensuring the health and safety of its employees as well as environmental standards: Our German site is **ISO 45001** and **ISO 14001** certified.

Over
30
years of experience

80
Highly qualified
employees at SCA from
different nations

4
locations in Europe

Over
25
machines in operation
at SCA

A man with grey hair and a beard, wearing a blue long-sleeved work shirt with an SCA logo on the chest, stands in a warehouse. He is looking towards the camera. To his right is a large yellow crane hook hanging from a pulley system. The background shows stacks of metal materials.

WHAT DISTINGUISHES US FROM OTHER COMPANIES?

Experience

For more than 30 years, SCA has been one of the leading service providers when it comes to semi-finished products made of aluminium and light metal alloys for the aerospace industry.

Flexible quantities

We take orders from single items to multi-year contracts.

Supply Chain

An extensive range, decades of logistics experience and our own processing machines: We accompany you from Tier 4 to Tier 1.

Just-in-time

We offer deliveries within 24 hours if required.

Logistics

We can take care of the entire logistics on request.

Export

We supply customers on all continents.

Market presence

We are represented by our production sites in Germany as well as in France.
