

Joseph T. Sanelli, D.O.

Dr. Sanelli is Board Certified in Physical Medicine and Rehabilitation, Pain Medicine and Electrodiagnostic Medicine with extensive Fellowship training in nonoperative interventional spine care. His vast training affords him the ability to offer comprehensive nonsurgical solutions for a variety of spinal/musculoskeletal pain syndromes.

As the director of Long Island Spine Specialists' interventional spinal division and the electromyography (EMG) laboratory, Dr. Sanelli is committed to the most current research and advances in spine care, offering the latest technologies, procedures, and treatment options. His expertise in relieving pain through various injections under fluoroscopic guidance or ultrasound achieves maximal pain relief by utilizing the most medically advanced techniques.

His compassion provides valuable encouragement for patients maintaining a pain-free lifestyle. His commitment to providing the highest standard of care is evident in the outcomes that his patients enjoy.
