

**CERTIFICATION FOR TAGGED HOGS**

The undersigned, who is a leader/advisor for hog exhibitors in the upcoming NWJLS event held at the Puyallup Spring Fair, hereby certify that all hogs in my club/chapter were properly ear tagged in both ears on or before January 31<sup>st</sup>, with the tags provided to me by the NWJLS and assigned to the hogs in my club/chapter. To the best of my knowledge and belief, the hogs that were tagged meet the age and weight requirements specified by the NWJLS rules and regulations as of the time of tagging. The tagged hogs were photographed after tagging such that the ear tags and the hogs can be sufficiently identified as specified by NWJLS rules pertaining to hog tagging. The photographs were then emailed to [nwjls.tag@yahoo.com](mailto:nwjls.tag@yahoo.com). I have informed the exhibitors that the hogs must show up at the fair with both ear tags intact, absent notifying the NWJLS and having explained to the satisfaction of the NWJLS why or how one or both tags were removed or otherwise lost. If any hog shows up to the fair without both ear tags intact and without the exhibitor having made prior arrangements with the NWJLS, then the hog will be excluded from the event. I agree to return this signed and dated certification to the NWJLS within one week after the tagging deadline.
