

**NORTHWEST JUNIOR
LIVESTOCK SHOW**

ESTABLISHED 1946

April 13-18, 2021

Rules and Regulations

For the last several years, all lambs entered in the NWJLS have been housed in a separate part of the fairgrounds well away from all other livestock species during the Washington State Fair spring fair. Beginning with the 2018 spring fair, the NWJLS will be housing the lambs in the same building that currently houses the NWJLS hogs for the duration of the NWJLS event. As such, the lambs will be much closer to the other livestock species at the spring fair event than they have been in the past several years. Each NWJLS exhibitor and each exhibitor of cattle outside the NWJLS animals (breeding heifers, cows, bulls and other non NWJLS cattle) hereby expressly assumes all risk of any transmission of animal disease, as well as for any animal death, illness or injury that may result from housing the lambs as such. Additionally, each NWJLS exhibitor and each exhibitor of cattle outside the NWJLS animals (breeding heifers, cows, bulls and other non NWJLS cattle) indemnify and hold harmless the NWJLS and the Washington State Fair for any and all liability that may arise as the result of any transmission of disease, as well as for any death, illness or injury that may result from housing the lambs as such.

The Washington State Fair does not provide any livestock exhibitors (including their family/friends), 4-H clubs or FFA chapters with individual insurance coverage while at the Washington State Fair, including the Spring Fair. Livestock exhibitors are solely responsible to obtain their own insurance coverage for these events in such amounts and on such terms as the exhibitors (including their family/friends), 4-H clubs and FFA chapters deem necessary in their sole discretion.

Greeting

Years ago, a group of businessmen, farmers and the agricultural community put together a little money and a lot of effort to found the Northwest Junior Livestock Show.

Goal

To invest in the future of agriculture through youth; offering an educational experience in selecting, feeding and marketing the finished product. Thus this show is an investment in the future and contribution to that future. With this goal reaffirmed by all who support the show, now and for the past 75 years, we grow and mature with new enthusiasm to continue what a group of farsighted and dedicated men started.
