## Child Safety

---

Washington State Fair requires that Employees, Vendors, Restaurateurs and Sponsors **do not allow** children to accompany them while setting up before/during Fair or dismantling after Fair. The potentially hazardous conditions during these periods require special concern for their safety and liability. We **must** have your cooperation in this important matter.

## Closing Night Instructions

---

In an effort to minimize confusion on the last night of the Fair and ensure Vendors do not close early, the following guidelines have been set:

<b>Type of Exhibitor</b>	<b>Pick-Up Time</b>	<b>Gates to Enter</b>	<b>Gates to Exit</b>
Departments	* After 9:30 pm	**Green Gate	Service Gate
Vendors	<b>After 9:30 pm</b>	**Green Gate	Service Gate

\*Unless you have a permit specifically stating an earlier pickup time.

\*\* Vehicles entering Purple Gate will be lined up prior to 11:00 pm in the Purple Parking Lot on a first-come basis.

**WE ENCOURAGE VENDORS TO WAIT UNTIL MONDAY FOLLOWING THE FAIR TO DISMANTLE THEIR DISPLAYS.**

## Vehicle Permits

Vehicles will be detained at the gate until their respective pick-up time. *Caution: Do not leave your booth unattended and do not leave any articles in your booths that are easily carried away.* **Photo ID or one-day Vendor Pass may be required for access through Service Gate.**

## Building Vacated

All Vendors are expected to have their exhibits removed no later than noon the Wednesday following the Fair. Storage of exhibits must be arranged at Fair office in advance and a storage fee paid. Buildings will be open from 8:00 am until 4:15 pm each weekday following the Fair. Please be aware that there is no building or grounds security beginning the last Sunday of the Fair after closing.

## Closing Time

The Washington State Fair and your business have invested a great deal of time and effort, as well as expense, to provide Fair guests with the best showcase for products, entertainment and fun. *We expect all exhibits/displays to remain intact and staffed until closing time.*

Every Fair guest is entitled to see the Fair in its entirety, and it is of the utmost importance that consideration be shown to each customer. Your patience and cooperation on closing night will help keep the frustration at a low point and make it easier for everyone to remove their displays and head for home or the next show.

## Covid-19 - Special Rules

---

The Washington State Fair and its guests must comply with the governor's Safe Start Reopening Plan, as it relates to drive-through food service. We ask guests to adhere to CDC-approved safety measures and a family-friendly environment.

- Concession/Vendors will follow Department of Health guidelines for workers and establishments including using masks and social distancing.
- Disinfectant and sanitation products will be provided for workers to clean their workspace, equipment, tools and common areas.
- Hand sanitizers will be available and/or access to nearby hand washing stations in customer areas
- Staff and vendors will frequently sanitize working surfaces, particularly concession/ticket counters, electronic pin pads and other areas contacted by customers and employees
- Hourly hand washing or sanitation by employees will be required
- The Washington State Fair staff and partners will wear appropriate PPE

## Customer Service

---

Your company is the Washington State Fair's customer, and, together, we share the most important customer - THE FAIR GUEST. Visitors come to the Washington State Fair by choice to spend discretionary dollars. They want to be entertained, educated and satisfied while having a good time in a worry-free environment. When we satisfy their needs, they help us grow by continuing to do business with us and by making recommendations to friends and associates. Without these Fair guests, neither of us could remain in business.

## 10 SUGGESTIONS ON CUSTOMER SERVICE

1. The FAIR GUEST is the MOST important person in our business.
2. The FAIR GUEST is not dependent upon us - we are dependent upon the FAIR GUEST.
3. Make the FAIR GUEST feel important and appreciated. Greet them with a smile. It creates a good feeling and trust. Thank them for coming to the Fair every time you get a chance.
4. Do not complain about the weather, the hours you have to work, your personal life, your competition, the quality of attendees, etc., directly to or within earshot of the FAIR GUEST.
5. FAIR GUESTS are not an interruption - They are why we are here.
6. Appreciate the power of "YES." Always look for a way to help the FAIR GUEST. Look for ways to make doing business easy.
7. FAIR GUESTS are deserving of our most courteous and attentive treatment. Treat them well and make them want to return. They are expensive to replace.
8. Give more than expected. Give value. Think of ways to elevate yourself above the competition through positive marketing.
9. Treat employees well. Employees are your internal customers and need a regular dose of appreciation. Treat your employees with respect, and, chances are, they will have a higher regard for your customer.
10. The FAIR GUEST is the lifeblood of our business.

## Department of Labor and Industries

- Pay the minimum hourly wage to your employees.
- Obtain minor work permits before hiring anyone under age 18.
- Comply with Washington state's safety and health standards.
- Make certain every rolling-type vendor vehicle has a commercial coach tag.
- Obtain an electrical inspection for your concession or ride.

Fees are assessed by Labor & Industries per location, no matter how many units are displayed in that location. You are required to complete an Electrical Work Permit Application form and pay the appropriate fees by applying by mail or in person at:

Washington State Department of Labor & Industries, Electrical Section

## Employee Parking

---

The Washington State Fair provides FREE employee parking during the Fair. Parking spaces are subject to availability, and lots are not staffed at all times. The two sites include: the Silver Parking Lot at 9<sup>th</sup> Avenue SW between 9<sup>th</sup> and 10<sup>th</sup> Streets (disabled parking not available at this lot), and the Bronze Parking Lot located in the 400 block of 9<sup>th</sup> Avenue SE (two blocks east of Meridian Street). Please pass this information along to your employees.

## Facilities for Disabled and Special Needs Patrons

---

### Americans with Disabilities Act

People with disabilities represent a significant portion of the population and are equally reflective in number of guests attending the Washington State Fair. Ensuring equal participation by all guests is important to you, your company and the Fair.

The Americans with Disabilities Act (ADA) mandates equal treatment of persons with disabilities. The Washington State Fair holds all its licensees responsible for meeting the requirements of this mandate. ADA became effective for recreational, leisure, and entertainment providers in January 1992.

The ADA defines an "individual with a disability" as a person who has a physical or mental impairment that substantially limits one or more major life activities, who has a record of such impairment, or who is regarded as having such an impairment.

Every provider (*vendor and/or commercial exhibitor*) is responsible by law for accommodating both physically and mentally impaired persons by methods that are "readily achievable". The following are examples of ways to achieve compliance with some basic ADA requirements. For more detailed information contact the appropriate federal agency.

- If counter height does not meet ADA requirement (36 inches maximum), an effort must be made to serve the customer in a reasonable manner. An effective solution would be to service the customer by meeting them outside the concession stand.
- For visually impaired customers, ask your employees to verbalize the menu or even offer the menu in Braille.
- For concession operations that offer a dining area, maintain wide aisles and counter space for those in wheelchairs.
- Counter table height and aisle width (for bulk exhibits) should be accessible to wheelchairs. If necessary to use ramps for access, they must be minimum ADA standard: 12 inches of run for each inch in elevation.
- Acknowledge reasonable requests. For example, if a customer is unable to access a booth, service the customer by offering a clipboard for orders and sign-up.

Every effort should be made to give guests with disabilities the opportunity to participate in rides and other amusements. When the safety of guests or employees will be placed in jeopardy, then admission may be refused.

- Post rules and safety requirements for riders in a conspicuous place.
- Accommodate reasonable requests or needs of riders (e.g., grant extra load time to transfer a rider into or out of the attraction).
- Always maintain the safety of the disabled riders and the safety of others.

It is the policy of the Washington State Fair that if a disabled individual requires an attendant to accompany them in order to facilitate their needs, the attendant is to be allowed free admission to the Fair.

## Freight Delivery (Pre-Fair)

---

When you ship your exhibit or product to the Fair, tell your freight company to hold it until the move-in days for your building. Your freight company must provide sufficient labor and equipment (e.g., forklift) to unload and move goods to your location. **YOU OR YOUR REPRESENTATIVE MUST RECEIVE DELIVERIES. Fair personnel cannot sign for vendors' freight, registered mail or packages delivered to the Fair. Billing must be to the Receiving Company (Vendor), and not the Fair. Use of the Fair's address for billing may jeopardize your participation in future events.**

## Grandstand Show Tickets

---

All tickets are now sold directly through the Washington State Fair Events Center. Visit [www.thefair.com/concerts](http://www.thefair.com/concerts), call 1-888-559-FAIR (3247) or visit the Box Office located at the Gold Gate, corner of 9th and Meridian. Tickets can be purchased using Visa or MasterCard. Purchase in person at the Box Office to save convenience charges. Selected show tickets purchased at least one day in advance include free Fair gate admission.

## Large Displays and Attractions

---

Be aware that, due to the nature of the Washington State Fair, it is likely that large displays and/or attractions will be placed in areas of the grounds that, from some angles, may affect visibility of building entrances or vendors. These areas affected are usually located at: 1) intersection of Showplace Way and Grand Avenue, 2) South of main grandstand, 3) other areas as space allows.

## Telephone Service

---

### Telephone Service – standard analog business service

If you would like to have regular analog dial tone service in your booth for a voice line, credit card authorization, etc. you can order this through the Fair by completing the "Telephone Service Request" Form.

The current cost is \$450 if service is ordered before August 2<sup>nd</sup>. After August 2<sup>nd</sup> it is \$525, if available. We make every attempt to have service working in your booth before the first day of Fair though the last night of Fair but due to the unique nature of the Fair this is not always possible and there may be unanticipated repairs associated with the location of your service.

We will drop the service (analog jack with your assigned phone number) into your booth area. It is up to you to make sure you have enough line cord to reach the proper area of your booth. If you have a trailer or modular building that you would like telephone service for you will need to have the proper connections on the outside of your booth for our installers to hook up to. Installers will not bring the jack into your booth.

**Program any automated dialing devices (such as credit card machines) to dial 9 + area code and phone number. You must dial 9 first to make any calls off the Fairgrounds.**

### Telephone - DSL Service

The Fair does not provide DSL service. If you would like DSL service you will need to contact the local telephone company and order DSL service and any modem needed directly from the phone company. Once ordered, complete the service request form from the Fair to have a telephone installer extend the DSL service to your booth. The cost to extend DSL service is \$425/line. After August 20<sup>th</sup> the cost will be \$525/line.

DSL Service should be ordered with dial tone

DSL Service should be ordered to be delivered to the Fair before August 20<sup>th</sup>. Any delivery of service after August 20<sup>th</sup> may not be installed in time for the opening day of Fair

Include the telephone number and due date on your order form so we know when the service will be delivered and the phone number assigned by the phone company

Make arrangements to have your modem delivered to your booth or to your place of business

The Fair will not provide service in hooking up the DSL service to your equipment. The Fair installer will only extend the jack to the booth area. Please have enough extension line to reach the area of the booth that you will need to use the service.

### ISDN/Radio circuits/Special Services

The cost will be \$425 to have a Fair installer provide assistance with the phone company to extend any service.

You must provide refund information to all customers, give a phone number and address for them to contact if they have a question. Your refund policy must also be stated on the order sheet or in the brochure you give to customers.

The State of Washington has established regulations for cancellations of purchases, which require certain procedures by the purchaser. Washington State Fair extends those regulations to apply to the vendors at Washington State Fair in regard to deposits made. Deposits will be refunded if a customer has followed the procedures for cancellation set by the State of Washington.

**The Federal Trade Commission (FTC) has a "cooling off" rule that allows the customer three business days (does not include weekends) to change their mind on a purchase of \$25.00 or more made at any temporary location, away from the seller's place of business. Under this rule, the salesperson must inform customer of their cancellation rights at the time you agree to the sale. The salesperson must also provide customer with two copies of the cancellation form, one to keep and one to send, should the customer decide to cancel. The contract and receipt should be dated, show the name and address of the seller and explain their right to cancel. Any company that does not provide consumers with proper cancellation forms is in violation of the Federal Trade Commission code.**

*Vendors must have a license from the National Football League ("NFL") to make commercial use of trademarks and/or copyrights belonging to the Seattle Seahawks (collectively, "Seahawks Trademarks").*

*Absent a licensing agreement with the NFL, Seahawks Trademarks may not be used in any manner that may suggest that a vendor's business and/or products are licensed by or otherwise affiliated with the Seattle Seahawks or NFL. This includes commercial use of any design that mimics or is confusingly similar to the Seahawks' proprietary trademarks or utilizes identifying team indicia (i.e. Seahawks' trade dress [team colors], logos, symbols, slogans, copyrights, trademarks, etc.) to otherwise capitalize off of the associated goodwill of the Seahawks Trademarks.*

*The Washington State Fair is committed to ensuring that our vendors are respecting these rules. If we are made aware of unauthorized commercial use of Seahawks Trademarks or Tickets on the fairgrounds, we will be alerting the Seahawks Legal Department so that they may take appropriate enforcement action.*
